A sustainable future.
People, Peace, Planet, Prosperity & Partnership
A sustainable future.

People, Peace, Planet, Prosperity & Partnership

**Collaboration**
- Company foundations to work with NGOs and local institutions
- Using innovation and technology to develop science education, natural disaster risk prevention and humanitarian aid actions

**Partnerhips**
- Embedding societal sustainability in our supply chain
  - Social equity and value
  - Human capital
  - Fair trade and practices

**Peace**
- Peaceful and inclusive societies
  - Assist governments to strengthen sovereignty through safety and security solutions

**Prosperity**
- Manage demand in order to remove, reduce, reuse and recycle
  - Challenge demand and propose sustainable alternatives
  - Natural capital and ecological footprint
  - Life cycle assessments “cradle to grave”

**People**
- Look at the whole life cost of a product
  - Challenge operating and disposal costs
  - Streamlined and efficient processes
  - Work collaboratively and innovatively with suppliers
A sustainable future.

People, Peace, Planet, Prosperity & Partnership
