Under this €5,000,000,000 Euro Medium Term Note Programme (the "Programme"), Thales (the "Issuer", the "Company") may from time to time issue notes (the "Notes") denominated in any currency agreed between itself and the relevant Dealer(s) (as defined below) subject to compliance with all applicable legal and regulatory and/or central bank requirements.

Notes may be issued on a continuing basis to one or more of the Dealers specified in "General Description of the Programme" herein and any additional Dealers appointed under the Programme from time to time, which appointment may be for a specific issue or on an ongoing basis (each a "Dealer" and together, the "Dealers").

Application has been made to the Autorité des marchés financiers (the "AMF") for approval of this Base Prospectus in its capacity as competent authority under the prospectus directive (Directive 2003/71/EC) as amended or superseded (the "Prospectus Directive"). This Base Prospectus received the visa no. 19-308 on 1 July 2019 from the AMF. Application may be made (i) to Euronext Paris during the period of 12 months from the date of the approval of this Base Prospectus for Notes issued under the Programme to be admitted to trading and/or (ii) to the listing authority of any other European Economic Area Member State for Notes issued under the Programme to be admitted to trading on a Regulated Market (as defined below) in such Member State. Euronext Paris is a regulated market (a "Regulated Market") for the purposes of the Markets in Financial Instruments Directive 2014/65/EU, as amended ("MiFID II"). References in this document to Euronext Paris ("Euronext Paris") and all related references shall include the Regulated Market. The Programme also permits Notes to be issued on the basis that they will not be admitted to listing, trading and/or quotation by any listing authority, stock exchange and/or quotation system or to be admitted to listing, trading and/or quotation by such other or further listing authorities, stock exchanges and/or quotation systems as may be agreed with the Issuer.

Notes may be issued either in dematerialised form ("Dematerialised Notes") or in materialised form ("Materialised Notes") as more fully described herein.

Dematerialised Notes will at all times be in book entry form in compliance with Articles L.211-3 et seq. of the French Code monétaire et financier. No physical documents of title will be issued in respect of the Dematerialised Notes.

Dematerialised Notes may, at the option of the Issuer, be in bearer dematerialised form ("au porteur") or in registered dematerialised form ("au nominatif") inscribed as from the issue date in the books of Euronext Paris (acting as central depositary) which shall credit the accounts of Account Holders (as defined in "Terms and Conditions of the Notes – Form, Denomination and Title") including Euroclear Bank SA/NV ("Euroclear") and the depositary bank for Clearstream Banking, S.A. ("Clearstream") or in registered dematerialised form ("au nominatif") and, in such latter case, at the option of the relevant Noteholder (as defined in Condition 3(c)(iv)), in either fully registered form ("au nominatif pur"), in which case they will be inscribed either with the Issuer or with the registration agent (designated in the relevant Final Terms) for the Issuer, or in administered registered form ("au nominatif administré") in which case they will be inscribed in the accounts of the Account Holders designated by the relevant Noteholders.

Materialised Notes will be in bearer materialised form only and may only be issued outside France. A temporary global certificate in bearer form without interest coupons attached (a "Temporary Global Certificate") will initially be issued in connection with Materialised Notes. Such Temporary Global Certificate will be exchanged for Definitive Materialised Notes in bearer form with, where applicable, coupons for interest attached, on or after a date expected to be on or about the fortieth calendar day after the issue date of the Notes (subject to postponement as described in "Temporary Global Certificates issued in respect of Materialised Notes" below) upon registration as non-U.S. beneficial ownership as more fully described herein. Temporary Global Certificates will (a) in the case of a Tranche intended to be cleared through Euroclear and/or Clearstream, be deposited on the issue date with a common depositary on behalf of Euroclear and/or Clearstream and (b) in the case of a Tranche intended to be cleared through a clearing system other than or in addition to Euroclear and/or Clearstream or delivered outside a clearing system, be deposited as agreed between the Issuer and the relevant Dealer.

In the case of any Notes which are to be listed and admitted to trading on a Regulated Market within the European Economic Area or offered to the public in a Member State of the European Economic Area in circumstances which require the publication of a prospectus under the Prospectus Directive (as defined above), the minimum denomination shall be €100,000 (or its equivalent in any other currency as at the date of issue of the relevant Notes) or more.

See the "Risk Factors" section for a description of certain factors which should be considered by potential investors in connection with any investment in the Notes.

The Programme has been given a long-term public credit rating of A- and a short-term public credit rating of A-2 by S&P Global Ratings, acting through S&P Global Ratings French Branch, a division of the McGraw Hill Companies Inc. ("Standard & Poor's") and a senior unsecured rating of A2 and a short-term rating of P-1 by Moody's Investors Service Limited ("Moody's"). The Group is rated A-2 (outlook negative) by Moody's and A- (outlook stable) by Standard & Poor's. Tranches of Notes issued under the Programme may be rated or unrated. Each of Moody's and Standard & Poor's is a credit rating agency established in the European Union and registered under Regulation (EU) No 1060/2009, as amended (the "CRA Regulation"). As such each of Moody's and Standard & Poor's is included in the list of credit rating agencies published by the European Securities and Markets Authority on its website in accordance with such regulation and they appear on the latest update of the list of registered credit rating agencies (as of 18 March 2019) on the ESMA website http://www.esma.europa.eu. The rating of the Notes (if any) will be specified in the relevant Final Terms. Whether or not a rating in relation to any Notes will be treated as having been issued by a credit rating agency established in the European Union and registered under the CRA Regulation will be disclosed
A credit rating is not a recommendation to buy, sell or hold Notes and may be subject to revision, suspension or withdrawal at any time by the relevant rating organisation.

This Base Prospectus should be read and construed together with any supplements hereto and with any other documents incorporated by reference herein and, in relation to any Tranche (as defined herein) of Notes, should be read and construed together with the relevant Final Terms (as defined herein). This Base Prospectus supersedes the base prospectus dated 29 June 2018 issued in respect of the Programme.

IMPORTANT NOTICES

This Base Prospectus should be read and construed together with any supplements hereto and with any other documents incorporated by reference herein and, in relation to any Tranche (as defined herein) of Notes, should be read and construed together with the relevant Final Terms (as defined herein).

The Issuer has confirmed to the Dealers named under "Subscription and Sale" below that this Base Prospectus (including for this purpose, the relevant Final Terms) contains all information which is (in the context of the Programme, the issue, offering and sale of the Notes) material; such information is true and accurate in all material respects and is not misleading in any material respect; that any opinions, predictions or intentions expressed herein are honestly held or made and are not misleading in any material respect; that this Base Prospectus does not omit to state any material fact necessary to make such information, opinions, predictions or intentions (in the context of the Programme, the issue, offering and sale of the Notes) not misleading in any material respect; and that all reasonable enquiries have been made to verify the foregoing.

No person has been authorised to give any information or to make any representation not contained in or not consistent with this Base Prospectus or any other document entered into in relation to the Programme or any information supplied by the Issuer or such other information as is in the public domain and, if given or made, such information or representation should not be relied upon as having been authorised by the Issuer or any Dealer.

No representation or warranty is made or implied by the Dealers or any of their respective affiliates, and none of the Dealers and any of their respective affiliates makes any representation or warranty or accepts any responsibility as to the accuracy or completeness of the information contained in this Base Prospectus. Neither the delivery of this Base Prospectus or any Final Terms nor the offering, sale or delivery of any Note shall, in any circumstances, create any implication that the information contained in this Base Prospectus is true subsequent to the date hereof or the date upon which this Base Prospectus has been most recently amended or supplemented or that there has been no adverse change, or any event reasonably likely to involve any adverse change, in the condition (financial or otherwise) of the Issuer since the date thereof or, if later, the date upon which this Base Prospectus has been most recently amended or supplemented or that any other information supplied in connection with the Programme is correct at any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

The distribution of this Base Prospectus and any Final Terms and the offering, sale and delivery of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus or any Final Terms comes are required by the Issuer and each of the Dealers to inform themselves about and to observe any such restrictions. For a description of certain restrictions on offers, sales and deliveries of Notes and on the distribution of this Base Prospectus or any Final Terms and other offering material relating to the Notes, see "Subscription and Sale". In particular, Notes have not been, and will not be, registered under the United States Securities Act of 1933 (as amended) (the "Securities Act") or with any securities regulatory authority of any state or other jurisdiction of the United States and Notes in bearer form are subject to U.S. tax law requirements. Notes may not be offered, sold or (in the case of Notes in bearer form) delivered within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S) except in certain transactions exempt from the registration requirements of the Securities Act. Notes may be offered and sold outside the United States to non-U.S. persons in reliance on Regulation S under the Securities Act ("Regulation S").

Neither this Base Prospectus nor any Final Terms constitutes an offer or an invitation to subscribe for or purchase any Notes and should not be considered as a recommendation by the Issuer, the Dealers or any of them that any recipient of this Base Prospectus or any Final Terms should subscribe for or purchase any Notes. Each recipient of this Base Prospectus or any Final Terms shall be taken to have made its own investigation and appraisal of the condition (financial or otherwise) of the Issuer.

The maximum aggregate principal amount of Notes outstanding at any one time under the Programme will not exceed €5,000,000,000 (and for this purpose, any Notes denominated in another currency shall be translated into euro at the date of the agreement to issue such Notes (calculated in accordance with the provisions of the Dealer Agreement)). The maximum aggregate principal amount of Notes which may be outstanding at any one time under the Programme may be increased from time to time, subject to compliance with the relevant provisions of the Dealer Agreement as defined under "Subscription and Sale".

In this Base Prospectus, unless otherwise specified, reference to "USD", "U.S. dollars" or "dollars" are to United States dollars and reference to "EUR", "euro" or "€" are to the single currency introduced at the start of the third stage of European Economic and Monetary Union pursuant to the Treaty Establishing the European Communities, as amended by the Treaty on European Union.
This Base Prospectus contains certain statements as to the Issuer's competitive position. Please note that these statements are based upon the Issuer's own assessments of the markets in which it operates.

Certain figures included in this Base Prospectus have been subject to rounding adjustments; accordingly, figures shown for the same category presented in different tables may vary slightly and figures shown as totals in certain tables may not be an arithmetic aggregation of the figures which precede them.

In connection with the issue of any Tranche of Notes, the Dealer or Dealers (if any) named as the stabilising manager(s) (the "Stabilising Manager(s)") (or persons acting on behalf of any Stabilising Manager(s)) in the applicable Final Terms may over allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, stabilisation action may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the final terms of the offer of the relevant Tranche of Notes is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 calendar days after the issue date of the relevant Tranche of Notes and 60 calendar days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation action or over-allotment shall be conducted in accordance with all applicable laws and rules.

PROHIBITION OF SALES TO EEA RETAIL INVESTORS - The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("EEA"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "MiFID II"); or (ii) a customer within the meaning of Directive 2016/97/EU (the Insurance Mediation Directive, as amended, the "IMD"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently no key information document required by Regulation (EU) No 1286/2014 (the "PRIIPs Regulation") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPS Regulation.

MIFID II product governance / target market - The Final Terms in respect of any Notes will include a legend entitled "MiFID II Product Governance" which will outline the determination of the target market of the Notes, taking into account the five (5) categories referred to in item 18 of the Guidelines published by the European Securities and Markets Authority ("ESMA") on 5 February 2018, and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a "distributor") should take into consideration such determination; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the MiFID Product Governance rules under EU Delegated Directive 2017/593 (the "MiFID Product Governance Rules"), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under Notes issued under the Programme. All of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

Factors which the Issuer believes may be material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme. Prospective investors should, however, read the detailed information set out elsewhere in this Base Prospectus (including any documents incorporated by reference herein) and reach their own views prior to making any investment decision.

Thales is exposed to numerous risks and uncertainties which could materially affect its business, reputation, financial position, results or ability to achieve its objectives. Generally, Thales may be faced with a number of operational and strategic risks, legal risks and financial risks.

The risks that may affect the Issuer’s ability to fulfil its obligations issued under the Programme are set out on pages 43 to 56 of the Document de Référence of the Issuer for the year ended 31 December 2018, as such pages are incorporated by reference in this Base Prospectus. B. RISK FACTORS RELATING TO THE NOTES
1. GENERAL RISKS RELATING TO THE NOTES

1.1 Independent Review and Advice.

Each prospective investor of Notes must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the Notes is fully consistent with its financial needs, objectives and condition, complies and is fully consistent with all investment policies, guidelines and restrictions applicable to it and is a fit, proper and suitable investment for it, notwithstanding the clear and substantial risks inherent in investing in or holding the Notes.

Some Notes are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio.

A prospective investor may not rely on the Issuer or the Dealer(s) or any of their respective affiliates in connection with its determination as to the legality of its acquisition of the Notes or as to the other matters referred to above.

1.2 The trading market for debt securities may be volatile and may be adversely impacted by many events.

The market for debt securities issued by issuers is influenced by economic and market conditions and, to varying degrees, market conditions, interest rates, currency exchange rates and inflation rates in other European and other industrialised countries. There can be no assurance that events in Luxembourg, Europe or elsewhere will not cause market volatility or that such volatility will not adversely affect the price of Notes or that economic and market conditions will not have any other adverse effect.

1.3 An active trading market for the Notes may not develop.

There can be no assurance that an active trading market for the Notes will develop, or, if one does develop, that it will be maintained. If an active trading market for the Notes does not develop or is not maintained, the market or trading price and liquidity of the Notes may be adversely affected. The Issuer and any of its subsidiaries are entitled to buy the Notes, as described in Condition 10 (Redemption, Purchase and Options), and the Issuer may issue further notes, as described in Condition 17 (Further Issues). Such transactions may favourably or adversely affect the price development of the Notes. If additional and competing products are introduced in the markets, this may adversely affect the value of the Notes.
1.4 Market Value of the Notes.

The market value of the Notes will be affected by the creditworthiness of the Issuer and a number of additional factors, including market interest and yield rates and the time remaining to the maturity date.

The value of the Notes depends on a number of interrelated factors, including economic, financial and political events in France or elsewhere, including factors affecting capital markets generally and the stock exchanges on which the Notes are traded. The price at which a Noteholder will be able to sell the Notes prior to maturity may be at a discount, which could be substantial, from the issue price or the purchase price paid by such purchaser.

1.5 Exchange rate risks and exchange controls.

The Issuer will pay principal and interest on the Notes in the Specified Currency as defined in "Terms and Conditions of the Notes" below. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "Investor's Currency") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency-equivalent value of the principal payable on the Notes and (3) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

1.6 Credit risk.

The value of the Notes will also depend on the credit worthiness of the Issuer. If the credit worthiness of the Issuer deteriorates, it may not be able to fulfill all or part of its payment obligations under the Notes, the value of the Notes may decrease and investors may lose all or part of their investment.

1.7 Legal investment considerations may restrict certain investments.

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions, insurance companies and other regulated entities should consult their legal advisors or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

1.8 A Noteholder’s actual yield on the Notes may be reduced from the stated yield by transaction costs.

When Notes are purchased or sold, several types of incidental costs (including transaction fees and commissions) are incurred in addition to the current price of the security. These incidental costs may significantly reduce or even exclude the profit potential of the Notes. For instance, credit institutions as a rule charge their clients for own commissions which are either fixed minimum commissions or pro-rata commissions depending on the order value. To the extent that additional – domestic or foreign – parties are involved in the execution of an order, including but not limited to domestic dealers or brokers in foreign markets, Noteholders must take into account that they may also be charged for the brokerage fees, commissions and other fees and expenses of such parties (third party costs).

In addition to such costs directly related to the purchase of securities (direct costs), Noteholders must also take into account any follow-up costs (such as custody fees). Investors should inform themselves about any additional costs incurred in connection with the purchase, custody or sale of the Notes before investing in the Notes.
1.9 **Credit ratings may not reflect all risks.**

One or more independent credit rating agencies may assign credit ratings to the Notes or to the Issuer. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

1.10 **Taxation.**

Potential purchasers and sellers of the Notes should be aware that they may be required to pay taxes or other documentary charges or duties in accordance with the laws and practices of the country where the Notes are transferred or other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for innovative financial Notes. Potential investors are advised not to rely upon the tax summary contained in this Base Prospectus and/or in the Final Terms but to ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, sale and redemption of the Notes. Only these advisors are in a position to duly consider the specific situation of the potential investor. This investment consideration has to be read in connection with the taxation sections of this Base Prospectus and the additional tax sections, if any, contained in the relevant Final Terms.

1.11 **Change of law.**

The Conditions of the Notes are based on French law in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to French law or administrative practice after the date of this Base Prospectus.

1.12 **Modifications and waivers.**

Subject to the provisions of the Final Terms, the Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a Masse, as defined in Condition 15 (**Representation of Noteholders**). The Terms and Conditions of the Notes contain provisions for Noteholders to consider matters affecting their interest generally to be adopted either through a general meeting (the "**General Meetings**") or by consent following a written consultation (the "**Written Decisions**", together with the General Meetings, the "**Collective Decisions**"). The Terms and Conditions permit in certain cases defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant General Meeting or were not represented at the relevant meeting or did not consent to a Written Decision and Noteholders who voted in a manner contrary to the majority. In particular, Noteholders may be asked to decide on any proposal relating to the modification of the Terms and Conditions through Collective Decisions, subject to limitations provided by French law.

1.13 **French insolvency law.**

Subject to the provisions of the relevant Final Terms, the Noteholders, in respect of all Tranches in any Series, will be grouped automatically for the defence of their common interests in a Masse, as defined in Condition 15 (**Representation of Noteholders**). However, under French insolvency law, notwithstanding any clause to the contrary, holders of debt securities (obligations) are automatically grouped into a single assembly of holders (the "Assembly") in order to defend their common interests if a safeguard procedure (procédure de sauvegarde), an accelerated safeguard procedure (procédure de sauvegarde accélérée), an accelerated financial safeguard procedure (procédure de sauvegarde financière accélérée) or a draft judicial reorganisation procedure (procédure de redressement judiciaire) is opened in France with respect to the Issuer.

The Assembly comprises holders of all debt securities (obligations) issued by the Issuer (including the Notes), whether or not under a debt issuance programme (EMTN).

The Assembly deliberates on the draft safeguard plan (projet de plan de sauvegarde), draft accelerated safeguard plan (projet de plan de sauvegarde accéléré), draft accelerated financial safeguard procedure (projet de plan de sauvegarde financière accélérée) or draft judicial reorganisation plan (projet de plan de redressement) applicable to the Issuer and may further agree to:

- increase the liabilities (charges) of holders of debt securities (including the Noteholders) by rescheduling and/or writing-off debts;
• establish an unequal treatment between holders of debt securities (including the Noteholders) as appropriate under the circumstances; and/or

• decide to convert debt securities (including the Notes) into securities that give or may give right to share capital.

Decisions of the Assembly will be taken by a two-third majority (calculated as a proportion of the debt securities held by the holders expressing a vote). No quorum is required on convocation of the Assembly. The holders whose rights are not modified by the proposed plan or who are to be fully repaid at the date of either (i) the adoption of the plan by the court or (ii) the admission of their claims in the insolvency estate do not participate in the vote.

For the avoidance of doubt, the provisions relating to the Representation of the Noteholders described in the Terms and Conditions of the Notes set out in this Base Prospectus will not be applicable with respect to the Assembly to the extent they conflict with compulsory insolvency law provisions that apply in these circumstances.

1.14 Transactions on the Notes could be subject to the European financial transaction tax (the "FTT"), if adopted.

On 14 February 2013, the European Commission published a proposal for a directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the "Participating Member States"). However, Estonia has since stated that it will not participate.

The proposed FTT has very broad scope and could, if introduced in its current form, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances.

Under current proposals the FTT could apply in certain circumstances to persons both within and outside of the Participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a Participating Member State. A financial institution may be, or be deemed to be, "established" in a Participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a Participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a Participating Member State.

During the last Ecofin meeting on 6 December 2016, EU Finance Ministers indicated that the Participating Member States will continue the discussions in relation to the FTT in January 2017 with a view to reaching an agreement by mid-2017.

However, the FTT proposal remains subject to negotiation between Participating Member States and its scope is uncertain. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate and/or Participating Member States may decide to withdraw. Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

1.15 Potential Conflicts of Interest.

Certain of the Dealers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for, the Issuer and its affiliates in the ordinary course of business. In addition, in the ordinary course of their business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer or its affiliates. Certain of the Dealers or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued under the Programme. Any such short positions could adversely affect future trading prices of Notes issued under the Programme. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.
The Issuer may appoint a Dealer as Calculation Agent in respect of an issuance of Notes under the Programme. In such a case the Calculation Agent is likely to be a member of an international financial group that is involved, in the ordinary course of its business, in a wide range of banking activities out of which conflicting interests may arise. Whilst such a Calculation Agent will, where relevant, have information barriers and procedures in place to manage conflicts of interest, it may in its other banking activities from time to time be engaged in transactions involving an index or related derivatives which may affect amounts receivable by Noteholders during the term and on the maturity of the Notes or the market price, liquidity or value of the Notes and which could be deemed to be adverse to the interests of the Noteholders.

1.16 The regulation and reform of "benchmarks" may adversely affect the value of Notes linked to such "benchmarks"

The regulation and reform of "benchmarks" may adversely affect the value of Notes linked to such "benchmarks".

The London Interbank Offered Rate ("LIBOR"), the Euro Interbank Offered Rate ("EURIBOR") and other indices which are deemed to be "benchmarks" are the subject of recent national, international and other regulatory guidance and proposals for reform. Some of these reforms are already effective while others are still to be implemented. These reforms may cause such benchmarks to perform differently than in the past, to disappear entirely, to be subject to revised calculation methods, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Notes linked to or referencing such a "benchmark".

Regulation (EU) 2016/1011 (the "Benchmarks Regulation") was published in the Official Journal of the EU on 29 June 2016 and has been in force since 1 January 2018. The Benchmarks Regulation applies to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark, within the EU. It will, among other things, (i) require benchmark administrators to be authorised or registered (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised or endorsed) and (ii) prevent certain uses by EU supervised entities of benchmarks of administrators that are not authorised or registered (or, if non-EU based, not deemed equivalent or recognised or endorsed).

The scope of the Benchmarks Regulation is wide and, in addition to so-called "critical benchmark" indices, applies to many interest rate and foreign exchange rate indices, equity indices and other indices (including "proprietary" indices or strategies) where used to determine the amount payable under or the value or performance of certain financial instruments traded on a trading venue or via a systematic internaliser, financial contracts and investment funds.

The Benchmarks Regulation could have a material impact on any Notes linked to a rate or index deemed to be a "benchmark", including in any of the following circumstances:

- an index which is a "benchmark" could not be used by a supervised entity in certain ways if its administrator does not obtain authorisation or registration or, if based in a non-EU jurisdiction, the administrator is not recognised as equivalent or recognised or endorsed and the transitional provisions do not apply; and

- the methodology or other terms of the "benchmark" could be changed in order to comply with the requirements of the Benchmarks Regulation, and such changes could, among other things, have the effect of reducing or increasing the rate or level or otherwise affecting the volatility of the published rate or level of the "benchmark".

Either of the above could potentially lead to the Notes being de-listed, adjusted or redeemed early or otherwise impacted depending on the particular "benchmark" and the applicable terms of the Notes or have other adverse effects or unforeseen consequences.

More broadly, any of the international, national or other proposals for reform, or the general increased regulatory scrutiny of "benchmarks", could increase the costs and risks of administering or otherwise participating in the setting of a "benchmark" and complying with any such regulations or requirements.

Such factors may have the following effects on certain "benchmarks": (i) discourage market participants from continuing to administer or contribute to such "benchmark"; (ii) trigger changes in the rules or methodologies used in the "benchmarks" or (iii) lead to the disappearance of the "benchmark". Any of the above changes or any other consequential changes as a result of international, national or other proposals for reform or other initiatives or investigations, could have a material adverse effect on the value of and return on any Notes linked to a "benchmark".
Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the Benchmarks Regulation reforms, investigations and licensing issues in making any investment decision with respect to the Notes linked to a "benchmark".

Future discontinuance of LIBOR and other benchmarks may adversely affect the value of Notes which reference LIBOR or other benchmarks

On 27 July 2017, the Chief Executive of the UK Financial Conduct Authority, which regulates LIBOR, announced that it intends to stop persuading or compelling banks to submit rates for the calculation of LIBOR after 2021 (the "FCA Announcement"). The FCA Announcement indicates that the continuation of LIBOR on the current basis cannot and will not be guaranteed after 2021.

The potential elimination of the LIBOR benchmark or any other benchmark, or changes in the manner of administration of any benchmark, could require an adjustment to the terms and conditions of outstanding Notes of any Series, or result in other consequences, in respect of any Notes linked to such benchmark (including but not limited to Floating Rate Notes whose interest rates are linked to LIBOR). Any such consequence could have a material adverse effect on the value of and return on any such Notes.

Other interbank offered rates such as EURIBOR (the European Interbank Offered Rate) (together with LIBOR, the "IBORs") suffer from similar weaknesses to LIBOR and as a result may be discontinued or be subject to changes in their administration.

Changes to the administration of an IBOR or the emergence of alternatives to an IBOR, may cause such IBOR to perform differently than in the past, or there could be other consequences which cannot be predicted. The discontinuation of an IBOR or changes to its administration could require changes to the way in which the Rate of Interest is calculated in respect of any Notes referencing or linked to such IBOR. The development of alternatives to an IBOR may result in Notes linked to or referencing such IBOR performing differently than would otherwise have been the case if the alternatives to such IBOR had not developed. Any such consequence could have a material adverse effect on the value of, and return on, any Notes linked to or referencing such IBOR.

Whilst alternatives to certain IBORs for use in the bond market (including SONIA (for Sterling LIBOR) and rates that may be derived from SONIA) are being developed, in the absence of any legislative measures, outstanding notes linked to or referencing an IBOR will only transition away from such IBOR in accordance with their particular terms and conditions.

The occurrence of a Benchmark Event could have a material adverse effect on the value of and return on any Notes linked to or referencing such "benchmarks"

The Terms and Conditions of the Notes provide for certain fallback arrangements in the event that a Benchmark Event occurs, including if an inter-bank offered rate (such as LIBOR or EURIBOR) or other relevant reference rate, and/or any page on which such benchmark may be published, becomes unavailable, or if the Issuer, the Calculation Agent, any Paying Agent or any other party responsible for the calculation of the Rate of Interest (as specified in the applicable Final Terms) are no longer permitted lawfully to calculate interest on any Notes by reference to such benchmark under the Benchmarks Regulation or otherwise. Such fallback arrangements include the possibility that the rate of interest could be set by reference to a Successor Rate or an Alternative Rate (both as defined in the Terms and Conditions of the Notes), with or without the application of an adjustment spread (which, if applied, could be positive or negative, and would be applied with a view to reducing or eliminating, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to investors arising out of the replacement of the relevant benchmark), and may include amendments to the Terms and Conditions of the Notes to ensure the proper operation of the successor or replacement benchmark, all as determined by the Independent Adviser and without the consent of the Noteholders.

In certain circumstances, the ultimate fallback for a particular Interest Period, including where no Successor Rate or Alternative Rate (as applicable) is determined, may be that the rate of interest for such Interest Period be based on the rate which applied for the immediately preceding Interest Period.

This ultimate fallback may result in the effective application of a fixed rate Notes linked to or referencing a "benchmark". In addition, due to the uncertainty concerning the availability of Successor Rates and
Alternative Rates and the involvement of an Independent Adviser, the relevant fallback provisions may not operate as intended at the relevant time.

Any such consequences could have a material adverse effect on the value of and return on any such Notes.

Moreover, any of the above matters or any other significant change to the setting or existence of any relevant rate could affect the ability of the Issuer to meet its obligations under the Notes linked to or referencing a "benchmark" or could have a material adverse effect on the value or liquidity of, and the amount payable under, the Notes linked to or referencing a "benchmark". Investors should note that, the Independent Adviser will have discretion to adjust the relevant Successor Rate or Alternative Rate (as applicable) in the circumstances described above. Any such adjustment could have unexpected consequences and there can be no assurance that, due to the particular circumstances of each Noteholder, any such adjustment will be favourable to each Noteholder.

Investors should consider all of these matters when making their investment decision with respect to the relevant Notes linked to or referencing such "benchmarks".

2. **RISKS RELATED TO THE STRUCTURE OF A PARTICULAR ISSUE OF NOTES**

2.1 **The Notes may be redeemed prior to maturity.**

Unless in the case of any particular Tranche of Notes the relevant Final Terms specify otherwise, in the event that the Issuer would be obliged to increase the amounts payable in respect of any Notes due to any withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of the jurisdiction of the Issuer or a political subdivision thereof or any authority therein or thereof having power to tax, the Issuer may redeem all outstanding Notes in accordance with the Conditions. If at the time of such redemption, the market interest rates are lower than at the time of the issuance of the relevant Notes, the amount received upon such early redemption may be lower than expected, and the redeemed face amount of the Notes may be lower than the purchase price for the Notes paid by the Noteholder. As a consequence, part of the capital invested by the Noteholder may be lost, so that the Noteholder in such case would not receive the total amount of the capital invested. In addition, investors that choose to reinvest monies they receive through such early redemption may be able to do so only in securities with a lower yield than the redeemed Notes.

2.2 **Partial redemption at the option of the Issuer or redemption at the option of the Noteholders.**

Depending on the number of Notes of the same Series in respect of which a partial redemption of the Notes at the option of the Noteholders or at the option of the Issuer is made, any trading market in respect of those Notes in respect of which such option is not exercised may become illiquid.

2.3 **Any early redemption at the option of the Issuer, if provided for in any Final Terms for a particular issue of Notes, could cause the yield anticipated by Noteholders to be considerably less than anticipated.**

The Final Terms for a particular issue of Notes may provide for early redemption at the option of the Issuer. Such right of termination is often provided for bonds or notes in periods of high interest rates. If the market interest rates decrease, the risk to Noteholders that the Issuer will exercise its right of termination increases. As a consequence, the yields received upon redemption may be lower than expected, and the redeemed face amount of the Notes may be lower than the purchase price for the Notes paid by the Noteholder. As a consequence, part of the capital invested by the Noteholder may be lost, so that the Noteholder in such case would not receive the total amount of the capital invested. In addition, investors that choose to reinvest monies they receive through an early redemption may be able to do so only in securities with a lower yield than the redeemed Notes.

The Notes may also be redeemed early if an Acquisition Event (as described in Condition 10(h) (Redemption on Acquisition Event)) occurs. With respect to such a Redemption on Acquisition Event, the probability and risks related to the nonconsummation of the proposed acquisition of the Acquisition Target (as defined in the relevant Final Terms) may depend on a variety of factors, including (but not limited to) securing competition, foreign investment and other regulatory approvals, obtaining consents from commercial counterparties or creditors of the Acquisition Target, completing required employee consultation procedures and the implementation of the Group's strategy with respect to the particular
Acquisition Target, some of which will be outside of the control of the Issuer. In addition, should the completion of the proposed acquisition of the Acquisition Target not be completed within the Acquisition Notice Period, the Issuer will have the right (but not the obligation) to exercise the Redemption on Acquisition Event at the Acquisition Event Redemption Amount (as defined in the relevant Final Terms) and in such case Noteholders would not receive the total return expected to receive on the Notes. Moreover, investors that choose to reinvest monies they receive through a Redemption on Acquisition Event may be able to do so only in securities with a lower yield than the redeemed Notes. Conversely, if the proposed acquisition of the Acquisition Target is not consummated, and the Issuer determines not to redeem the Notes, the Notes will remain outstanding as obligations of the Issuer and the Acquisition Target will not be a member of the Group.

The existence of an early redemption option in a particular Series of Notes could limit the market value of such Notes.

In particular, with respect to the Clean-up Call Option (Condition 10(g) (Redemption, Purchase and Options – Clean-up Call Option)), there is no obligation on the Issuer to inform investors if and when 80 per cent. or more of the original aggregate principal amount of the relevant Series of Notes has been redeemed or is about to be redeemed, and the Issuer's right to redeem will exist notwithstanding that immediately prior to the serving of a notice in respect of the exercise of the Clean-up Call Option the Notes may have been trading significantly above par, thus potentially resulting in a loss of capital invested.

3. RISKS RELATED TO INTEREST RATES

3.1 Investors will not be able to calculate in advance their rate of return on Floating Rate Notes.

A key difference between Floating Rate Notes and Fixed Rate Notes is that interest income on Floating Rate Notes cannot be anticipated. Due to varying interest income, investors are not able to determine a definite yield of Floating Rate Notes at the time they purchase them, so that their return on investment cannot be compared with that of investments having longer fixed interest periods. If the terms and conditions of the notes provide for frequent interest payment dates, investors are exposed to the reinvestment risk if market interest rates decline. That is, investors may reinvest the interest income paid to them only at the relevant lower interest rates then prevailing.

3.2 Zero Coupon Notes are subject to higher price fluctuations than non-discounted bonds.

Changes in market interest rates have a substantially stronger impact on the prices of Zero Coupon Notes than on the prices of ordinary Notes because the discounted issue prices are substantially below par. If market interest rates increase, Zero Coupon Notes can suffer higher price losses than other Notes having the same maturity and credit rating. Due to their leverage effect, Zero Coupon Notes are a type of investment associated with a particularly high price risk.

3.3 Variable rate Notes with a multiplier or other leverage factor.

Notes with variable interest rates can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features, their market values may be even more volatile than those for securities that do not include those features.

3.4 Fixed Interest Rate Risk.

In relation to the Notes bearing interest at a fixed rate, investment in the Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Notes. While the nominal interest rate of a fixed interest rate bond is fixed during the life of such a bond or during a certain period of time, the current interest rate on the capital market (market interest rate) typically changes on a daily basis. As the market interest rate changes, the price of such bond changes in the opposite direction. If the market interest rate increases, the price of such bond typically falls, until the yield of such bond is approximately equal to the market interest rate. If the market interest rate decreases, the price of a fixed rate bond typically increases, until the yield of such bond is approximately equal to the market interest rate. Noteholders should be aware that movements of the market interest rate can adversely affect the price of the Notes and can lead to losses for the Noteholders if they sell Notes during the period in which the market interest rate exceeds the fixed rate of the Notes.

3.5 Fixed/Floating Rate Notes
The Fixed/Floating Rate Notes bear interest at a rate that, automatically or upon decision of the Issuer at a date specified in the Final Terms, can be converted from a fixed rate to a floating rate or from a floating rate to a fixed rate. The (automatic or optional) conversion may affect the secondary market and the market value of the Notes as it can lead to a reduction of the total borrowing costs. If a fixed rate is converted into a floating rate, the rate spread between the fixed rate and the floating rate may be less in favour than the rate spreads on comparable Floating Rate Notes that have the same reference rate. In addition, the new floating rate may be, at any time, lower than the interest rates of other Notes. If a floating rate is converted into a fixed rate, the fixed rate may be lower than the rates applicable to these Notes.

Tax Redemption: Early redemption will also be permitted for tax reasons as described in Condition 10(b) (*Redemption, Purchase and Options – Redemption for tax reasons*).

Make-whole Redemption by the Issuer: Unless specified as not being applicable in the relevant Final Terms in respect of any issue of Notes, the Issuer will have the option to redeem the Notes, in whole or in part, at any time or from time to time, prior to their Maturity Date at the Make-whole Redemption Amount.

Floating Rate Notes: Floating Rate Notes will bear interest determined separately for each Series as follows:

(i) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by an agreement incorporating the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc. or the FBF Definitions (as published by the Fédération Bancaire Française), each as amended, supplemented and updated as at the Issue Date of the first Tranche of the Notes; or

(ii) either the (a) offered quotation or (b) the arithmetic mean of the offered quotations for the reference rate(s) which appears or appear, as the case may be, on the relevant Screen page as at the relevant Screen page time on the interest determination date in question, or by reference to a Successor Rate or Alternative Rate, as may be determined by the Independent Adviser if a Benchmark Event occurs.

Interest periods will be specified in the relevant Final Terms. Linear Interpolation may apply to the calculation of interest with respect to Floating Rate Notes where so specified in the relevant Final Terms.

Fixed/Floating Rate Notes: Fixed/Floating Rate Notes may bear interest at a rate (i) that the Issuer may elect to convert on the date set out in the Final Terms from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate or (ii) that will automatically change from a Fixed Rate to a Floating Rate or from a Floating Rate to a Fixed Rate on the date set out in the Final Terms.
Zero Coupon Notes: Zero Coupon Notes (as defined in "Terms and Conditions of the Notes") may be issued at their nominal amount or at a discount to it and will not bear interest.

Interest Periods and Interest Rates: The length of the interest periods for the Notes and the applicable interest rate or its method of calculation may differ from time to time or be constant for any Series. Notes may have a maximum interest rate, a minimum interest rate, or both. The use of interest accrual periods permits the Notes to bear interest at different rates in the same interest period. All such information will be set out in the relevant Final Terms. For the avoidance of doubt, the minimum rate of interest shall never be less than zero.

Negative Pledge: The Notes will have the benefit of a negative pledge as described in Condition 6 (Negative Pledge).

Events of Default: There will be Events of Default and a cross default as described in Condition 14 (Events of Default).

Taxation: All payments in respect of the Notes will be made without deduction for or on account of French withholding taxes, subject as provided in Condition 12 (Taxation). In the event that a deduction becomes due, the Issuer will (subject as provided in Condition 12 (Taxation)) pay such additional amounts as will result in the Noteholders receiving such amounts as they would have received in respect of such Notes had no such withholding been required.

Redenomination: In respect of any Tranche of Notes, if the country of the Specified Currency becomes or, announces its intention to become, a Participating Member State, the Notes may be redenominated in euro in accordance with Condition 20 (Redenomination, Renominalisation and Reconventioning) if so specified in the relevant Final Terms.

Ratings: Unless otherwise specified in the applicable Final Terms, the Programme has been given a long-term public credit rating of A- and a short-term public credit rating of A-2 by Standard & Poor's and a senior unsecured rating of A2 and a short-term rating of P-1 by Moody's. The Group is rated A-2 (outlook negative) by Moody's and A- (outlook stable) by Standard & Poor's. Tranches of Notes issued under the Programme may be rated or unrated. Where a Tranche of Notes is rated, such rating will not necessarily be the same as the rating assigned to the Programme. A credit rating is not a recommendation to buy, sell or hold Notes and may be subject to revision, suspension or withdrawal at any time by the relevant rating organisation.

Selling Restrictions: For a description of certain restrictions on offers, sales and deliveries of Notes and on the distribution of offering material in the United States of America, the European Economic Area, the United Kingdom, France, The Netherlands and Japan, see "Subscription and Sale" below. Further restrictions may be required in connection with any particular issue of Notes. Any such further restrictions will be specified in the relevant Final Terms.

SUPPLEMENT TO THE BASE PROSPECTUS

If at any time the Issuer shall be required to prepare a supplement to this Base Prospectus pursuant to the provisions of Article 16 of the Prospectus Directive and Article 212-25 of the Règlement Général of the AMF, the Issuer will prepare and make available an appropriate supplement to this Base Prospectus or a further Base Prospectus, which in respect of any subsequent issue of Notes to be listed and admitted to trading on Euronext Paris or on a Regulated Market of a Member State of the European Economic Area, shall constitute a supplement to the Base Prospectus for the purpose of the relevant provisions of the Prospectus Directive.
TERMS AND CONDITIONS OF THE NOTES

The following is the text of the terms and conditions that, subject to completion in accordance with the provisions of the relevant Final Terms, shall be applicable to the Notes.

In the case of Dematerialised Notes, the text of the terms and conditions will not be endorsed on physical documents of title but will be constituted by the following text as completed by the relevant Final Terms. In the case of Materialised Notes, either (i) the full text of these terms and conditions together with the relevant provisions of the Final Terms or (ii) these terms and conditions as so completed (and subject to simplification by the deletion of non-applicable provisions), shall be endorsed on Definitive Materialised Notes. All capitalised terms that are not defined in these Conditions (as defined below) will have the meanings given to them in the relevant Final Terms. References in the Conditions to "Notes" are to the Notes of one Series only, not to all Notes that may be issued under the Programme.

1. Introduction

(a) Programme: Thales (the "Issuer") has established a Euro Medium Term Note Programme (the "Programme") for the issuance of up to €5,000,000,000 in aggregate principal amount of notes (the "Notes").

(b) Final Terms: Notes issued under the Programme are issued in series (each a "Series") and each Series may comprise one or more tranches (each a "Tranche") of Notes. Each Tranche is the subject of final terms (the "Final Terms") which completes these terms and conditions (the "Conditions"). The terms and conditions applicable to any particular Tranche of Notes are these Conditions subject to completion by the relevant Final Terms. In the event of any inconsistency between these Conditions and the relevant Final Terms, the relevant Final Terms shall prevail.

(c) Agency Agreement: The Notes are issued with the benefit of an agency agreement dated 1 July 2019 between the Issuer and CACEIS Corporate Trust, as fiscal agent and the other agents named in it (the "Agency Agreement"). The fiscal agent, the paying agent and the calculation agent for the time being (if any) are referred to below respectively as the "Fiscal Agent", the "Paying Agent" (which expression shall include the Fiscal Agent and any additional Paying Agent) and the "Calculation Agent". Copies of the Agency Agreement are available for inspection by Noteholders during normal business hours at the Specified Offices of the Fiscal Agent and the Paying Agent.

(d) The Notes: All subsequent references in these Conditions to "Notes" are to the Notes which are the subject of the relevant Final Terms. Copies of the relevant Final Terms are available for inspection by Noteholders during normal business hours at the Specified Office of the Fiscal Agent and the Paying Agent.

(c) Title:

(i) Title to Dematerialised Notes in bearer dematerialised form (au porteur) and in administered registered form (au nominatif administré) shall pass upon, and transfer of such Notes may only be effected through, registration of the transfer in the accounts of Account Holders. Title to Dematerialised Notes in fully registered form (au nominatif pur) shall pass upon, and transfer of such Notes may only be effected through, registration of the transfer in the accounts of the Issuer or the Registration Agent.

(ii) Title to Materialised Notes in definitive form having, where appropriate, Coupons and/or a Talon attached thereto on issue ("Definitive Materialised Notes"), shall pass by delivery.

(iii) Except as ordered by a court of competent jurisdiction or as required by law, the holder (as defined below) of any Note, Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes, whether or not it is overdue and regardless of any notice of ownership, or an interest in it, any writing on it or its theft or loss and no person shall be liable for so treating the holder.

(iv) In these Conditions, "Noteholder", "holder of Notes" or, as the case may be, "holder of any Note" means (i) in the case of Dematerialised Notes, the person whose name appears in the account of the relevant Account Holder or the Issuer or the Registration Agent (as the case may be) as being entitled to such Notes and (ii) in the case of Materialised Notes, the bearer of any Definitive Materialised Note and the Coupons, or Talon relating to it, and capitalised terms have the meanings given to them in the relevant Final Terms, the absence of any such meaning indicating that such term is not applicable to the Notes.
4. **Conversion and Exchanges of Notes**

(a) **Dematerialised Notes**

(i) Dematerialised Notes issued in bearer dematerialised form (*au porteur*) may not be converted into Dematerialised Notes in registered dematerialised form, whether in fully registered form (*au nominatif pur*) or in administered registered form (*au nominatif administré*).

(ii) Dematerialised Notes issued in registered dematerialised form (*au nominatif*) may not be converted into Dematerialised Notes in bearer dematerialised form (*au porteur*).

(iii) Dematerialised Notes issued in fully registered form (*au nominatif pur*) may, at the option of the Noteholder, be converted into Notes in administered registered form (*au nominatif administré*), and vice versa. The exercise of any such option by such Noteholder shall be made in accordance with Article R.211-4 of the Code. Any such conversion shall be effected at the cost of such Noteholder.

(b) **Materialised Notes**

Materialised Notes of one Specified Denomination may not be exchanged for Materialised Notes of another Specified Denomination.

5. **Status**

The Notes constitute direct, general, unsubordinated and unconditional obligations of the Issuer which will at all times rank pari passu among themselves and at least pari passu with all other present and future unsecured obligations of the Issuer, save for such obligations as may be preferred by provisions of law that are both mandatory and of general application.

6. **Negative Pledge**

So long as any of the Notes, and if applicable any Coupons relating to them remain outstanding, the Issuer shall not, and the Issuer shall procure that its Principal Subsidiaries will not, create or permit to subsist any Security Interest upon the whole or any part of its present or future undertaking, assets or revenues (including uncalled capital) to secure any Relevant Indebtedness or Guarantee of Relevant Indebtedness without (a) at the same time or prior thereto securing the Notes and Coupons equally and rateably therewith or (b) providing such other security for the Notes as may be approved at a General Meeting of the Noteholders.

The above provision shall not apply to the following:

(a) any Security Interest existing at the time of acquisition of any asset acquired by it after the Issue Date and not created in contemplation of that acquisition;

(b) any Security Interest to secure Indebtedness incurred in connection with any Project Financing; or

(c) any Security Interest upon any of its present or future assets or revenues which is created pursuant to any securitisation arrangement whereby the Relevant Indebtedness secured by such Security Interest is limited to the value of such assets or revenues.

7. **Fixed Rate Note Provisions**

(a) **Application:** This Condition 7 (Fixed Rate Note Provisions) is applicable to the Notes only if the Fixed Rate Note Provisions are specified in the relevant Final Terms as being applicable.

(b) **Accrual of interest:** The Notes bear interest from the Interest Commencement Date at the Rate of Interest payable in arrear on each Interest Payment Date, subject as provided in Condition 11 (Payments and Talons). Each Note will cease to bear interest from the due date for redemption unless, upon due presentation, payment of the Redemption Amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition 7 (as
well after as before judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is five days after date upon which the Fiscal Agent has received the full amount of the moneys payable and has notified the Noteholders to such effect.

(c) Fixed Coupon Amount: The amount of interest payable in respect of each Note for any Interest Period shall be the relevant Fixed Coupon Amount and, if the Notes are in more than one Specified Denomination, shall be the relevant Fixed Coupon Amount in respect of the relevant Specified Denomination.

(d) Regular Interest Periods: If all of the Interest Payment Dates fall at regular intervals between the Issue Date and the Maturity Date, then:
  
  (i) the Notes shall for the purposes of this Condition 7 be "Regular Interest Period Notes";
  
  (ii) the day and month (but not the year) on which any Interest Payment Date falls shall for the purposes of this Condition 7 be a "Regular Date"; and

  (iii) each period from and including a Regular Date falling in any year to, but excluding the next succeeding Regular Date shall for the purposes of this Condition 7 be a "Regular Period".

(e) Irregular first or last Interest Periods: If the Notes would be Regular Interest Period Notes but for the fact that either or both of:

  (i) the interval between the Issue Date and the first Interest Payment Date; and
  
  (ii) the interval between the Maturity Date and the immediately preceding Interest Payment Date,

  is longer or shorter than a Regular Period, then the Notes shall nevertheless be deemed to be Regular Interest Period Notes, provided, however, that if the interval between the Maturity Date and the immediately preceding Interest Payment Date is longer or shorter than a Regular Period, the day and month on which the Maturity Date falls shall not be a "Regular Date".

(f) Irregular interest amount: If the Notes are Regular Interest Period Notes, the amount of interest payable in respect of each Note for any period which is not a Regular Period shall be calculated by applying the Rate of Interest to the principal amount of such Note, multiplying the product by the relevant Day Count Fraction and rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards). For this purpose a "sub-unit" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

(g) Day Count Fraction: In respect of any period which is not a Regular Period the relevant day count fraction (the "Day Count Fraction") shall be determined in accordance with the following provisions:

  (i) if the Day Count Fraction is specified in the relevant Final Terms as being 30/360, the relevant Day Count Fraction will be the number of days in the relevant period (calculated on the basis of a year of 360 days consisting of 12 months of 30 days each and, in the case of an incomplete month, the actual number of days elapsed) divided by 360;

  (ii) if the Day Count Fraction is specified in the relevant Final Terms as being Actual/Actual (ICMA) and the relevant period falls during a Regular Period, the relevant Day Count Fraction will be the number of days in the relevant period divided by the product of (A) the number of days in the Regular Period in which the relevant period falls and (B) the number of Regular Periods in any period of one year; and

  (i) if the Day Count Fraction is specified in the relevant Final Terms as being Actual/Actual (ICMA) and the relevant period begins in one Regular Period
and ends in the next succeeding Regular Period, interest will be calculated on the basis of the sum of:

(A) the number of days in the relevant period falling within the first such Regular Period divided by the product of (1) the number of days in the first such Regular Period and (2) the number of Regular Periods in any period of one year; and

(B) the number of days in the relevant period falling within the second such Regular Period divided by the product of (1) the number of days in the second such Regular Period and (2) the number of Regular Periods in any period of one year.

(h) Number of days: For the purposes of this Condition 7, unless the Day Count Fraction is specified in the relevant Final Terms as being 30/360 (in which case the provisions of paragraph (g)(i) above shall apply), the number of days in any period shall be calculated on the basis of actual calendar days from and including the first day of the relevant period to but excluding the last day of the relevant period.

8. Floating Rate Note Provisions

(a) Application: This Condition 8 (Floating Rate Note Provisions) is applicable to the Notes only if the Floating Rate Note Provisions are specified in the relevant Final Terms as being applicable.

(b) Accrual of interest: The Notes bear interest from, and including, the Interest Commencement Date at the Rate of Interest payable in arrear on each Interest Payment Date, subject as provided in Condition 11 (Payments and Talons). Each Note will cease to bear interest from the due date for redemption unless (i) in the case of Dematerialised Notes, on such due date or (ii) in the case of Materialised Notes, upon due presentation, payment of the Redemption Amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition (as well after as before judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is five days after the date upon which the Fiscal Agent has received the full amount of the moneys payable and has notified the Noteholders to such effect).

(c) Screen Rate Determination: If Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Notes for each Interest Period will be determined by the Calculation Agent on the following basis:

(i) if the Reference Rate is a composite quotation or customarily supplied by one entity, the Calculation Agent will determine the Reference Rate which appears on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;

(ii) in any other case, the Calculation Agent will determine the arithmetic mean of the Reference Rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;

(iii) if, in the case of (i) above, such rate does not appear on that page or, in the case of (ii) above, fewer than two such rates appear on that page or if, in either case, the Relevant Screen Page is unavailable, the Calculation Agent will:

(A) request the principal Relevant Financial Centre office of each of the Reference Banks to provide a quotation of the Reference Rate at approximately the Relevant Time on the Interest Determination Date to prime banks in the Relevant Financial Centre interbank market in an amount that is representative for a single transaction in that market at that time; and

(B) determine the arithmetic means of such quotations; and

(iv) if fewer than two such quotations are provided as requested, the Calculation Agent will determine the arithmetic mean of the rates (being the nearest to the Reference Rate, as determined by the Calculation Agent) quoted by major banks in the Principal Financial Centre of the Specified Currency, selected by the Calculation Agent, at approximately
11.00 a.m. (local time in the Principal Financial Centre of the Specified Currency) on the first day of the relevant Interest Period for loans in the Specified Currency to leading European banks for a period equal to the relevant Interest Period and in an amount that is representative for a single transaction in that market at that time,

and the Rate of Interest for such Interest Period shall be the sum of the Margin and the rate or (as the case may be) the arithmetic mean so determined; provided, however, that if the Calculation Agent is unable to determine a rate or (as the case may be) an arithmetic mean in accordance with the above provisions in relation to any Interest Period, the Rate of Interest applicable to the Notes during such Interest Period will be the sum of the Margin and the rate (or as the case may be) the arithmetic mean last determined in relation to the Notes in respect of a preceding Interest Period.

(v) Benchmark discontinuation

If a Benchmark Event occurs in relation to an Original Reference Rate at any time when the Terms and Conditions of any Notes provide for any rate of interest (or any component part thereof) to be determined by reference to such Original Reference Rate, then the following provisions shall apply and prevail over other fallbacks specified in Condition 8(c).

(1) Independent Adviser

The Issuer shall use reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, to determine a Successor Rate, failing which an Alternative Rate (in accordance with Condition 8(c)(v)(2)) and, in either case, an Adjustment Spread, if any (in accordance with Condition 8(c)(v)(3)) and any Benchmark Amendments (in accordance with Condition 8(c)(v)(4)).

An Independent Adviser appointed pursuant to this Condition 8(c)(v) shall act in good faith as an expert and (in the absence of manifest error or fraud) shall have no liability whatsoever to the Issuer, the Fiscal Agent, the Paying Agents, the Calculation Agent or any other party responsible for determining the Rate of Interest specified in the applicable Final Terms, or the Noteholders for any determination made by it pursuant to this Condition 8(c)(v)).

(2) Successor Rate or Alternative Rate

If the Independent Adviser determines in good faith that:

(I) there is a Successor Rate, then such Successor Rate shall (subject to adjustment as provided in Condition 8(c)(v)(3)) subsequently be used in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this Condition 8(c)(v)); or

(II) there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate shall (subject to adjustment as provided in Condition 8(c)(v)(3)) subsequently be used in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this Condition 8(c)(v)).

(3) Adjustment Spread

If the Independent Adviser determines in good faith (i) that an Adjustment Spread is required to be applied to the Successor Rate or
the Alternative Rate (as the case may be) and (ii) the quantum of, or a
formula or methodology for determining, such Adjustment Spread,
then such Adjustment Spread shall be applied to the Successor Rate or
the Alternative Rate (as the case may be) for each subsequent
determination of a relevant Rate of Interest (or a relevant component
carried thereon) by reference to such Successor Rate or Alternative Rate
(as applicable).

(4) Benchmark Amendments

If any Successor Rate, Alternative Rate or Adjustment Spread is
determined in accordance with this Condition 8(c)(v) and the
Independent Adviser determines in good faith (A) that amendments to
the Terms and Conditions of the Notes (including, without limitation,
amendments to the definitions of Day Count Fraction, Business Days
or Relevant Screen Page) are strictly necessary to ensure the proper
operation of such Successor Rate, Alternative Rate and/or Adjustment
Spread (such amendments, the "Benchmark Amendments") and (B)
the terms of the Benchmark Amendments, then the Issuer shall, subject
to giving notice thereof in accordance with Condition 8(c)(v)(5)),
without any requirement for the consent or approval of Noteholders,
varies the Terms and Conditions of the Notes to give effect to such
Benchmark Amendments with effect from the date specified in such
notice.

In connection with any such variation in accordance with this
Condition 8(c)(v)(4), the Issuer shall comply with the rules of any
stock exchange on which the Notes are for the time being listed or
admitted to trading.

(5) Notices, etc.

The Issuer shall, after receiving such information from the
Independent Adviser, notify the Fiscal Agent, the Calculation Agent,
the Paying Agents, the Representative (if any) and, in accordance with
Condition 14, the Noteholders, promptly of any Successor Rate,
Alternative Rate, Adjustment Spread and of the specific terms of any
Benchmark Amendments, determined under this Condition 8(c)(v)).
Such notice shall be irrevocable and shall specify the effective date of
the Benchmark Amendments, if any.

(6) Fallbacks

If, following the occurrence of a Benchmark Event and in relation to
the determination of the Rate of Interest on the immediately following
Interest Determination Date, no Independent Adviser has been
appointed or no Successor Rate or Alternative Rate (as applicable) is
determined pursuant to this provision, the Original Reference Rate will
continue to apply for the purposes of determining such Rate of Interest
on such Interest Determination Date, with the effect that the fallback
provisions provided elsewhere in these Terms and Conditions of the
Notes will continue to apply to such determination, provided that such
fallbacks may in certain circumstances, lead to apply the Rate of
Interest determined as at the last preceding Interest Determination
Date.

In such circumstances, the Issuer will be entitled (but not obliged), at
any time thereafter, to elect to re-apply the provisions of this Condition
8(c)(v)), mutatis mutandis, on one or more occasions until a Successor Rate or Alternative Rate (and, if applicable, any associated Adjustment Spread and/or Benchmark Amendments) has been determined and
notified in accordance with this Condition 8(c)(v)) (and, until such determination and notification (if any), the fallback provisions provided elsewhere in these Terms and Conditions, including, for the avoidance of doubt, the fallbacks specified in Condition 8(c)(v)), will continue to apply).

(7) Definitions

In this Condition 8(c)(v):

"Adjustment Spread" means either a spread (which may be positive or negative), or the formula or methodology for calculating a spread, in either case, which the Independent Adviser determines and which is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) to reduce or eliminate, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as the case may be) to Noteholders as a result of the replacement of the Original Reference Rate with the Successor Rate or the Alternative Rate (as the case may be) and is the spread, formula or methodology which:

a) in the case of a Successor Rate, is formally recommended, or formally provided as an option for parties to adopt, in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body;

b) in the case of an Alternative Rate (or in the case of a Successor Rate where (a) above does not apply), is in customary market usage in the international debt capital market for transactions which reference the Original Reference Rate, where such rate has been replaced by the Alternative Rate (or, as the case may be, the Successor Rate); or

c) if no such recommendation or option has been made (or made available), or the Independent Adviser determines there is no such spread, formula or methodology in customary market usage, the Independent Adviser, acting in good faith, determines to be appropriate.

"Alternative Rate" means, in the absence of Successor Rate, an alternative benchmark or screen rate which the Independent Adviser determines in accordance with this Condition 8(c)(v) and which is customary market usage in the international debt capital markets for the purposes of determining rates of interest (or the relevant component part thereof) for a commensurate interest period (if there is such a customary market usage at such time) and in the same Specified Currency as the Notes.

"Benchmark Event" means, with respect to an Original Reference Rate:

a) the Original Reference Rate ceasing to exist or be published;

b) the later of (i) the making of a public statement by the administrator of the Original Reference Rate that it will, on or before a specified date, cease publishing the Original Reference Rate permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue publication of the Original Reference Rate) and (ii) the date falling six (6) months prior to the date specified in (b)(i);
c) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate has been permanently or indefinitely discontinued;

d) the later of (i) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate will, on or before a specified date, be permanently or indefinitely discontinued and (ii) the date falling six (6) months prior to the date specified in (d)(i);

e) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that means the Original Reference Rate will be prohibited from being used or that its use will be subject to restrictions or adverse consequences, in each case within the following six (6) months;

f) it has or will prior to the next Interest Determination Date, become unlawful for the Issuer, the party responsible for determining the Rate of Interest (being the Calculation Agent or such other party specified in the applicable Final Terms, as applicable), or any Paying Agent to calculate any payments due to be made to any Noteholder using the Original Reference Rate (including, without limitation, under the Benchmarks Regulation (EU) 2016/1011, if applicable); or

g) that a decision to withdraw the authorisation or registration pursuant to Article 35 of the Benchmarks Regulation (Regulation (EU) 2016/2011) of any benchmark administrator previously authorised to publish such Original Reference Rate has been adopted.

"Independent Adviser" means an independent financial institution of international repute or an independent adviser of recognised standing with appropriate expertise, at all times acting in good faith and in a commercially reasonable manner, appointed by the Issuer at its own expense under Condition 8(c)(v)(1).

"Original Reference Rate" means the benchmark or screen rate (as applicable) originally specified for the purpose of determining the relevant Rate of Interest (or any relevant component part(s) thereof) on the Notes.

"Relevant Nominating Body" means, in respect of a benchmark or screen rate (as applicable):

a) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable); or

b) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of (i) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, (ii) any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable), (iii) a group of the aforementioned central banks or other
supervisory authorities or (iv) the Financial Stability Board or any part thereof.

"Successor Rate" means a successor to or replacement of the Original Reference Rate which is formally recommended by any Relevant Nominating Body. If, following a Benchmark Event, more than one successor or replacement rates are recommended by any Relevant Nominating Body, the Independent Adviser will determine, among those successor or replacement rates, the one which is the most appropriate, taking into consideration, without limitation, the particular features of the relevant Notes.

(d) **ISDA Determination**: If ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Notes for each Interest Period will be the sum of the Margin and the relevant ISDA Rate where “ISDA Rate” in relation to any Interest Period means a rate equal to the Floating Rate (as defined in the ISDA Definitions) that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

(i) the Floating Rate Option (as defined in the ISDA Definitions) is as specified in the relevant Final Terms;

(ii) the Designated Maturity (as defined in the ISDA Definitions) is a period specified in the relevant Final Terms; and

(iii) the relevant Reset Date (as defined in the ISDA Definitions) is either (A) if the relevant Floating Rate Option is based on the London inter-bank offered rate (LIBOR) for a currency, the first day of that Interest Period or (B) in any other case, as specified in the relevant Final Terms.

(e) **FBF Determination**: Where FBF Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant FBF Rate plus or minus (as indicated in the relevant Final Terms) the Margin (if any). For the purposes of this sub-paragraph (B), “FBF Rate” for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Transaction under the terms of an agreement incorporating the FBF Definitions and under which:

(i) the Floating Rate is as specified in the relevant Final Terms, and

(ii) the relevant Floating Rate Determination Date (Date de Détermination du Taux Variable) is the first calendar day of that Interest Accrual Period unless otherwise specified in the relevant Final terms.

For the purposes of this sub-paragraph (B), “Floating Rate” (Taux Variable), “Calculation Agent” (Agent), “Floating Rate Determination Date” (Date de Détermination du Taux Variable) and “Transaction” (Transaction) have the meanings given to those terms in the FBF Definitions, provided that Euribor means the rate calculated for deposits in euro which appears on Reuters Page EURIBOR01, as more fully described in the relevant Final Terms. “FBF Definitions” means the definitions set out in the 2007 FBF Master Agreement relating to transactions on forward financial instruments supplemented by the Fédération Bancaire Française (together the “FBF Master Agreement”), as amended, supplemented or updated, unless otherwise specified in the relevant Final Terms. Investors should consult the Issuer should they require a copy of the FBF Definitions.

(f) **Linear Interpolation**: Where Linear Interpolation is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Notes for such Interest Period shall be calculated by the Calculation Agent by straight line
linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified in the relevant Final Terms as applicable), the relevant Floating Rate Option (where ISDA Determination is specified in the relevant Final Terms as applicable) or the relevant Floating Rate (where FBF Determination is specified in the relevant Final Terms as applicable) one of which shall be determined as if the Applicable Maturity were the period of time for which rates are available (as determined by the Calculation Agent in relation to the relevant Series in accordance with clauses 8(c) or 8(d), as applicable, above) next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Applicable Maturity were the period of time for which rates are available (as determined by the Calculation Agent in relation to the relevant Series in accordance with clauses 8(c) or 8(d), as applicable, above) next longer than the length of the relevant Interest Period provided however that if there is no rate available for the period of time next shorter or, as the case may be, next longer, then the Calculation Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

"Applicable Maturity" means: (a) in relation to Screen Rate Determination, the period of time designated in the Reference Rate, and (b) in relation to ISDA Determination, the Designated Maturity.

(g) Maximum or Minimum Rate of Interest: If any Maximum Rate of Interest or Minimum Rate of Interest is specified in the relevant Final Terms, then the Rate of Interest shall in no event be greater than the maximum or be less than the minimum so specified. The Minimum Rate of Interest shall at all times not be less than zero.

(b) Calculation of Interest Amount: The Calculation Agent will, as soon as practicable after the time at which the Rate of Interest is to be determined in relation to each Interest Period, calculate the Interest Amount payable in respect of each Note for such Interest Period. The Interest Amount will be calculated by applying the Rate of Interest for such Interest Period to the principal amount of such Note during such Interest Period and multiplying the product by the relevant Day Count Fraction.

(i) Giving of Notices: The Calculation Agent will cause each Rate of Interest and Interest Amount determined by it, together with the relevant Interest Payment Date, and any other amount(s) required to be determined by it together with any relevant payment date(s) to be notified to the Issuer, the Paying Agents and each stock exchange (if any) on which the Notes are then listed as soon as practicable after such determination but (in the case of each Rate of Interest, Interest Amount and Interest Payment Date) in any event not later than the first day of the relevant Interest Period. Notice thereof shall also promptly be given to the Noteholders. The Calculation Agent will be entitled to recalculate any Interest Amount (on the basis of the foregoing provisions) without notice in the event of an extension or shortening of the relevant Interest Period.

(j) Notifications etc: All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition by the Calculation Agent will (in the absence of manifest error) be binding on the Issuer, the Paying Agents and each stock exchange (if any) on which the Notes are then listed as soon as practicable after such determination but (in the case of each Rate of Interest, Interest Amount and Interest Payment Date) in any event not later than the first day of the relevant Interest Period. Notice thereof shall also promptly be given to the Noteholders. The Calculation Agent will attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions for such purposes.

(k) Fixed/Floating Rate Notes: Fixed/Floating Rate Notes are Notes for which a change of interest basis (the "Change of Interest Basis") is specified to be applicable in the relevant Final Terms. Fixed/Floating Rate Notes may bear interest at a rate that:

(i) the Issuer may elect to convert on the date set out in the Final Terms (the "Switch Date") from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate. The Issuer election to change the interest basis (the "Issuer Change of Interest Basis") will be deemed effective upon receipt of a valid notification sent by the Issuer, in accordance with Condition 17 (Notices), to the relevant Noteholders within the period specified in the relevant Final Terms; or
will automatically change from a Fixed Rate to a Floating Rate or from a Floating Rate to a Fixed Rate on the date set out in the Final Terms (the "Automatic Change of Interest Basis").

(b) Application: Unless otherwise specified in the applicable Final Terms, this Condition 9 (Zero Coupon Note Provisions) is applicable to the Notes only if the Zero Coupon Note Provisions are specified in the relevant Final Terms as being applicable.

(c) Late payment on Zero Coupon Notes: If the Redemption Amount payable in respect of any Zero Coupon Note is improperly withheld or refused, the Redemption Amount shall thereafter be an amount equal to the sum of:

(i) the Reference Price; and

(ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price from (and including) the Issue Date to (but excluding) whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Fiscal Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).

10. Redemption, Purchase and Options

(a) Scheduled redemption: Unless previously redeemed, or purchased and cancelled, the Notes will be redeemed at their Final Redemption Amount, which shall be the principal amount of such Note unless another amount is specified in the applicable Final Terms, on the Maturity Date, subject as provided in Condition 11 (Payments and Talsons).

(b) Redemption for tax reasons: The Notes may be redeemed at the option of the Issuer in whole, but not in part:

(i) at any time (if neither the Floating Rate Note Provisions are specified in the relevant Final Terms as being applicable); or

(ii) on any Interest Payment Date (if the Floating Rate Note Provisions are specified in the relevant Final Terms as being applicable),

on giving not less than 30 nor more than 60 calendar days' notice to the Noteholders (which notice shall be irrevocable), at their Early Redemption Amount, together with interest accrued (if any) to the date fixed for redemption, if:

(A) the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 12 (Taxation) as a result of any change in, or amendment to, the laws or regulations of France or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations (including a holding by a court of competent jurisdiction), which change or amendment becomes effective on or after the date of issue of the first Tranche of the Notes; and

(B) such obligation cannot be avoided by the Issuer taking reasonable measures available to it, provided, however, that no such notice of redemption shall be given earlier than:

(1) where the Notes may be redeemed at any time, 90 calendar days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts if a payment in respect of the Notes were then due; or
(2) where the Notes may be redeemed only on an Interest Payment Date, 60 calendar days prior to the Interest Payment Date occurring immediately before the earliest date on which the Issuer would be obliged to pay such additional amounts if a payment in respect of the Notes were then due.

In addition, if the Issuer would on the occasion of the next payment due under the Notes, and in the reasonable opinion of a duly authorised offer of the Issuer having knowledge of such matters, be prevented by French law from making payment to the Noteholders of the full amount then due and payable, notwithstanding the undertaking to pay additional amounts contained above, then the Issuer shall forthwith give notice of such fact to the Fiscal Agent and the Issuer shall forthwith redeem all, but not some only, of the Notes then outstanding, upon giving not less than 30 nor more than 60 calendar days' irrevocable notice to the Noteholders, provided that the due date for redemption of which notice hereunder shall be given, shall be the latest practicable date on which the Issuer could make payment without withholding for French taxes, or if such date is past, as soon as practicable thereafter.

Notes redeemed pursuant to this Condition 10(b) will be redeemed at their Early Redemption Amount, together (if appropriate) with interest accrued to (but excluding) the date of redemption.

(c) *Redemption at the option of the Issuer:* If the Call Option is specified in the relevant Final Terms as being applicable, the Notes may be redeemed at the option of the Issuer in whole or, if so specified in the relevant Final Terms, in part on any Optional Redemption Date (Call) at the relevant Optional Redemption Amount (Call) on the Issuer's giving not less than 30 nor more than 60 calendar days' notice to the Noteholders (which notice shall be irrevocable and shall oblige the Issuer to redeem the Notes or, as the case may be, the Notes specified in such notice on the relevant Optional Redemption Date (Call) at the Optional Redemption Amount (Call) plus accrued interest (if any) to such date).

(d) *Partial redemption:* If only some of the Notes of a Series are to be redeemed or subject to the exercise of an Issuer's option, on such date (i) in the case of Materialised Notes, the Fiscal Agent shall make the drawing that is required in accordance with the Conditions and, where applicable, the Issuer shall be entitled to send representatives to attend such drawing and (ii) in the case of Dematerialised Notes, such partial redemption shall be made by reducing the aggregate nominal amount of all such Dematerialised Notes in a Series in proportion to the aggregate nominal amount redeemed.

(e) *Redemption at the option of Noteholders:* If the Put Option is specified in the relevant Final Terms as being applicable, the Issuer shall, at the option of the Holder of any Note redeem such Note on the Optional Redemption Date (Put) specified in the relevant Redemption Notice at the relevant Optional Redemption Amount (Put) together with interest (if any) accrued to such date. To exercise such option the Noteholder must deposit with any Paying Agent at its specified office during usual business hours a duly completed option exercise notice (the "Exercise Notice") in the form obtained during usual business hours from any Paying Agent or the Registration Agent, as the case may be, within the notice period. Such notice shall, in the case of Materialised Notes, have attached to it such Note (together with all unmatured Coupons and unexchanged Talons). In the case of Dematerialised Notes, the Noteholder shall transfer, or cause to be transferred, the Dematerialised Notes to be redeemed to the account of the Principal Paying Agent specified in the Exercise Notice. No option so exercised and, where applicable, no Note so deposited or transferred may be withdrawn (except as provided in the Agency Agreement) without the prior consent of the Issuer;

(f) *Make-whole Redemption by the Issuer:*

Unless specified as not being applicable in the relevant Final Terms, the Issuer may, having given:

(i) not less than 15 nor more than 30 calendar days' notice to the Noteholders in accordance with Condition 18 (Notices); and
(ii) not less than 15 days before the giving of notice referred to in (a) above, notice to the Fiscal Agent, the Quotation Agent and such other parties as may be specified in the Final Terms,

(which notices shall be irrevocable and shall specify the date fixed for redemption (each such date, a "Make-whole Redemption Date") redeem, in whole or in part, the Notes then outstanding at any time prior to their Maturity Date at their relevant Make-whole Redemption Amount.

"Calculation Date" means the third Business Day (as defined above) prior to the Make-whole Redemption Date.

"Make-whole Redemption Amount" means the sum of:

(i) the greater of (x) the Final Redemption Amount of the Notes so redeemed and (y) the sum of the then present values of the remaining scheduled payments of principal and interest on such Notes (excluding any interest accruing on the Notes to, but excluding, the relevant Make-whole Redemption Date) discounted to the relevant Make-whole Redemption Date on either an annual or a semi-annual basis (as specified in the relevant Final Terms) at the Make-whole Redemption Rate plus a Make-whole Redemption Margin; and

(ii) any interest accrued but not paid on the Notes to, but excluding, the Make-whole Redemption Date,

as determined by the Quotation Agent and as notified on the Calculation Date by the Quotation Agent to the Issuer, the Fiscal Agent and such other parties as may be specified in the Final Terms.

"Make-whole Redemption Margin" means the margin specified as such in the relevant Final Terms.

"Make-whole Redemption Rate" means the average of the four quotations given by the Reference Dealers of the mid-market yield to maturity of the Reference Security on the third Business Day preceding the Make-whole Redemption Date at 11:00 a.m. (Central European Time ("CET")).

"Quotation Agent" means CACEIS Corporate Trust.

"Reference Dealers" means each of the four banks, as specified in the relevant Final Terms, selected by the Quotation Agent, which are primary European government security dealers, and their respective successors, or market makers in pricing corporate bond issues.

"Reference Security" means the security specified as such in the relevant Final Terms. If a Reference Security is no longer outstanding, a Similar Security will be chosen by the Quotation Agent at 11:00 a.m. (CET) on the third Business Day preceding the Make-whole Redemption Date, quoted in writing by the Quotation Agent to the Issuer and published in accordance with Condition 18 (Notices).

"Similar Security" means a reference bond or reference bonds issued by the same issuer as the Reference Security having actual or interpolated maturity comparable with the remaining term of the Notes that would be utilised, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the Notes.

The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Quotation Agent shall (in the absence of manifest error) be final and binding upon all parties.

In the case of a partial redemption of Notes, the relevant provisions of Condition 10(d) (Partial Redemption) shall apply mutatis mutandis to this Condition 10(f).
(g) **Clean-up call option:** If the Clean-up Call Option is specified in the relevant Final Terms as being applicable, the Issuer may, having given not less than 15 nor more than 30 calendar days’ notice to the Noteholders in accordance with Condition 18 (Notices) (which notice shall be irrevocable), redeem all (but not some only) of the Notes of any Series for the time being outstanding, if, immediately prior to the date that such notice is given, Notes representing an aggregate amount equal to or exceeding 80 per cent. of the original aggregate nominal amount of such Series (including, for the avoidance of any doubt, any Notes which have been consolidated and form a single Series therewith) shall have been redeemed or purchased (and subsequently cancelled) by the Issuer other than by way of a redemption at the option of the Issuer in accordance with Condition 10(c) (Redemption at the option of the Issuer) or Condition 10(f) (Make-whole Redemption by the Issuer). Any such redemption shall be at par together, if appropriate, with any interest accrued to the date fixed for redemption.

(b) **Redemption on Acquisition Event:**

If the Acquisition Event Call Option is specified as applicable in the relevant Final Terms and an Acquisition Event has occurred, the Issuer may, on giving not less than 15 nor more than 30 days’ irrevocable notice in accordance with Condition 18 to the Noteholders within the Acquisition Notice Period (as specified in the relevant Final Terms), at its option, redeem all (but not some only) of the Notes of the relevant Series then outstanding at the Acquisition Event Redemption Amount (as specified in the relevant Final Terms), together with any interest accrued to, but excluding, the date set for redemption. All Notes in respect of which any such notice is given shall be redeemed, on the date specified in such notice in accordance with this Condition. Concurrently with the publication of any notice of redemption pursuant to this Condition 10(h), the Issuer shall deliver to the Noteholders a certificate indicating that the Issuer is entitled to effect such redemption and certifying that an Acquisition Event has occurred.

For the purposes of this Condition:

an “**Acquisition Event**” shall be deemed to have occurred if the Issuer (i) has not, on or prior to the Acquisition Completion Date (as specified in the Final Terms), completed and closed the acquisition of the Acquisition Target (as specified in the Final Terms) or (ii) has publicly announced that it no longer intends to pursue the acquisition of the Acquisition Target.

(i) **No other redemption:** The Issuer shall not be entitled to redeem the Notes otherwise than as provided in paragraphs (a) to (h) above.

(j) **Early redemption of Zero Coupon Notes:** Unless otherwise specified in the relevant Final Terms, the Redemption Amount payable on redemption of a Zero Coupon Note at any time before the Maturity Date shall be an amount equal to the sum of:

(i) the Reference Price; and

(ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price from (and including) the Issue Date to (but excluding) the date fixed for redemption or (as the case may be) the date upon which the Note becomes due and payable.

Where such calculation is to be made for a period which is not a whole number of years, the calculation in respect of the period of less than a full year shall be made on the basis of such Day Count Fraction as may be specified in the Final Terms for the purposes of this Condition 10(i) or, if none is so specified, a Day Count Fraction of 30E/360.

(k) **Purchase:** The Issuer and any of its Subsidiaries may at any time purchase Notes (provided that, in the case of Materialised Notes, all unmatured Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise at any price, subject to the applicable laws and/or regulations. All Notes so purchased by the Issuer may be held and resold in accordance with Articles L.213-0-1 and D. 213-0-1 of the Code for the purpose of enhancing the liquidity of the Notes.

(l) **Cancellation:** All Notes purchased by or on behalf of the Issuer may, at its sole option, be held or cancelled in accordance with applicable laws and regulations. Notes will be cancelled, in the
case of Dematerialised Notes, by transfer to an account in accordance with the rules and procedures of Euroclear France and, in the case of Materialised Notes, by surrendering the Temporary Global Certificate and the Definitive Materialised Notes in question together with all unmatured Coupons and all unexchanged Talons to the Fiscal Agent and, in each case, if so transferred or surrendered, shall, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with, in the case of Dematerialised Notes, all rights relating to payment of interest and other amounts relating to such Dematerialised Notes and, in the case of Materialised Notes, all unmatured Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so cancelled or, where applicable, transferred or surrendered for cancellation may not be re-issued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged. To the extent that the Notes are admitted to trading on Euronext Paris, the Issuer will inform Euronext about such cancellation.

11. Payments and Talons

(a) Dematerialised Notes: Payments of principal and interest in respect of Dematerialised Notes shall, in the case of Dematerialised Notes in bearer dematerialised form or administered registered form, be made by transfer to the account denominated in the relevant currency of the relevant Account Holders for the benefit of the Noteholders and, in the case of Dematerialised Notes in fully registered form, to an account denominated in the relevant currency with a Bank designated by the Noteholders. All payments validly made to such Account Holders will be an effective discharge of the Issuer in respect of such payments.

(b) Materialised Notes: Payments of principal and interest in respect of Materialised Bearer Notes shall, subject as mentioned below, be made against presentation and surrender of the Notes (in the case of all other payments of principal and, in the case of interest, as specified in Condition 11(f)(vi)), as the case may be, at the specified office of any Paying Agent outside the United States by a cheque payable in the relevant currency drawn on, or, at the option of the holder, by transfer to an account denominated in such currency with a bank in the principal financial centre for such currency or, in the case of euro, in a city in which banks have access to the TARGET2 System.

(c) Payments in the United States: Notwithstanding the foregoing, if any Materialised Notes are denominated in U.S. Dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.

(d) Payments Subject to Fiscal Laws: All payments are subject in all cases to any applicable fiscal or other laws and regulations in the place of payment, but without prejudice to the provisions of Condition 12 (Taxation). No commissions or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.

(e) Appointment of Agents: The Fiscal Agent, the Paying Agents and the Calculation Agent initially appointed by the Issuer and their respective specified offices are listed at the end of this Base Prospectus. The Fiscal Agent, the Paying Agents and the Registration Agent act solely as agents of the Issuer and, in each such case, do not assume any obligation or relationship of agency or trust for or with any Noteholder or Couponholder. The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, any other Paying Agent and the Registration Agent or the Calculation Agent(s) and to appoint additional or other Paying Agents, provided that the Issuer shall at all times maintain (i) a Fiscal Agent, (ii) one or more Calculation Agent(s) where the Conditions so require, (iii) Paying Agents having specified offices in at least two major European cities (including Paris so long as the Notes are admitted to trading on Euronext Paris and in such other city so long as the Notes are admitted to trading on any other Regulated Market), (iv) in the case of Dematerialised Notes in fully registered form, a Registration Agent and (v) such other agents as may be required by any other Stock Exchange on which the Notes may be listed.
In addition, the Issuer shall forthwith appoint a Paying Agent in New York City in respect of any Materialised Notes denominated in U.S. Dollars in the circumstances described in paragraph (c) above.

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders in accordance with Condition 18 (Notices) below.

(f) Unmatured Coupons and unexchanged Talons:

(i) Unless Materialised Notes provide that the relevant Coupons are to become void upon the due date for redemption of those Notes, Materialised Notes should be surrendered for payment together with all unmatured Coupons (if any) relating thereto, failing which an amount equal to the face value of each missing unmatured Coupon (or, in the case of payment not being made in full, that proportion of the amount of such missing unmatured Coupon that the sum of principal so paid bears to the total principal due) shall be deducted from the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or Make-Whole Redemption Amount, as the case may be, due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 13 (Prescription)).

(ii) If Materialised Notes so provide, upon the due date for redemption of any such Materialised Note, unmatured Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.

(iii) Upon the due date for redemption of any Materialised Note, any unexchanged Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.

(iv) Where any Materialised Note that provides that the relative unmatured Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unmatured Coupons, and where any Materialised Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.

(v) If the due date for redemption of any Materialised Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, shall only be payable against presentation (and surrender if appropriate) of the relevant Definitive Materialised Note.

(vi) The provisions of paragraph (i) of this Condition 11(f) notwithstanding, if any Note should be issued with a maturity date and Interest Rate or Rates such that, on the presentation for payment of any such Notes without all unmatured Coupons attached thereto or surrendered therewith, the amount required by such paragraph (i) to be deducted in respect of such missing unmatured Coupons would be greater than the Redemption Amount otherwise due for payment, then, upon the due date for redemption of any such Note, such missing unmatured Coupons shall become void (and no payment shall be made in respect thereof) as shall be required so that, upon application of such paragraph (i) in respect of such Coupons as have not so become void, the amount required by such paragraph (i) to be deducted would not be greater than the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or the Make-Whole Redemption Amount, as the case may be, otherwise due for payment (or, in the case of payment not being made in full, that proportion of the amount of such missing unmatured Coupons that the sum of principal so paid bears to the total principal due). Where the application of the foregoing sentence requires some but not all of such missing unmatured Coupons relating to a Note to become void, the relevant Paying Agent shall determine which missing unmatured Coupons (or
proportion thereof) are to become void, and shall select for such purpose Coupons maturing on later dates in preference to Coupons maturing on earlier dates.

(g) **Talons**: On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Materialised Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 13 (Prescription)).

(b) **Non-Business Days**: If any date for payment in respect of any Note or Coupon is not a business day, the Noteholder shall not be entitled to payment until the next following business day nor to any interest or other sum in respect of such postponed payment. In this paragraph, "business day" means a day (other than a Saturday or a Sunday) (A) (i) in the case of Dematerialised Notes, on which Euroclear France is open for business or (ii) in the case of Materialised Notes, on which banks and foreign exchange markets are open for business in the relevant place of presentation, (B) on which banks and foreign exchange markets are open for business in such jurisdictions as shall be specified as "Financial Centres" in the relevant Final Terms and (C) (i) (in the case of a payment in a currency other than Euro), where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency or (ii) (in the case of a payment in Euro), which is a TARGET Business Day.

12. **Taxation**

(a) **Withholding Tax**: All payments of principal and interest (if any) by the Issuer will be made without withholding or deduction for, or on account of, any present or future taxes, duties, assessments or other governmental charges whatsoever imposed or levied by or on behalf of France or any political subdivision thereof or any authority therein or thereof having power to tax, unless the withholding or deduction of such taxes, duties, assessments or governmental charges is required by law.

(b) **Additional Amounts**: In the event that French law should require that any payments in respect of the Notes or the Coupons (if relevant) be subject to deduction or withholding with respect to any present or future taxes, duties, assessments or other governmental charges whatsoever imposed or levied by or on behalf of the Republic of France, the Issuer shall, to the fullest extent then permitted by law, pay such additional amounts as will result in the receipt by the Noteholders and the Couponholders (if relevant) of such amounts as would have been received by them if no such withholding or deduction had been required, except that no such additional amounts shall be payable in respect of any Note or Coupon presented for payment:

(i) by or on behalf of a holder (including a beneficial owner (ayant droit)) which is liable to such taxes, duties, assessments or governmental charges in respect of such Note or Coupon by reason of its having some connection with France other than the mere holding (or beneficial ownership) of such Note or Coupon;

(ii) by or on behalf of a holder who could avoid such withholding or deduction by making a declaration of non-residence or similar claim for exemption but fails to do so; or

(iii) in relation to holders of Materialised Notes only, more than 30 calendar days after the Relevant Date except to the extent that the relevant holder would have been entitled to such additional amounts if it had presented such Note or Coupon on the last day of such period of 30 calendar days; or

(iv) in relation to holders of Materialised Notes only, by or on behalf of a holder who would have been able to avoid such withholding or deduction by presenting the relevant Note or Coupon to another Paying Agent in a Member State of the European Union.

13. **Prescription**

Claims against the Issuer for payment in respect of the Notes and Coupons (which for this purpose shall not include Talons) shall be prescribed and become void unless made within 10
years (in the case of principal) or 5 years (in the case of interest) from the appropriate Relevant Date in respect of them.

14. **Events of Default**

If any of the following events occurs and is continuing:

(a) **Non-payment:** the Issuer fails to pay any amount of principal or interest in respect of the Notes and such default is not remedied within a period of 15 calendar days from such date; or

(b) **Breach of other obligations:** the Issuer defaults in the performance or observance of any of its other obligations under or in respect of the Notes and such default remains unremedied for 30 calendar days after written notice thereof, addressed to the Issuer by any Noteholder, has been delivered to the Issuer or to the Specified Office of the Fiscal Agent requiring such default to be remedied; or

(c) **Cross-default:**
   (i) any Indebtedness of the Issuer is not paid when due or (as the case may be) within any originally applicable grace period;
   (ii) any such Indebtedness becomes due and payable prior to its stated maturity by reason of default of the Issuer; or
   (iii) the Issuer fails to pay when due any amount payable by it under any Guarantee of any Indebtedness or within any originally applicable grace period;

provided that (a) the amount of Indebtedness referred to in sub-paragraph (i) and/or sub-paragraph (ii) above and/or the amount payable under any Guarantee referred to in sub-paragraph (iii) above individually or in the aggregate exceeds €100,000,000 (or its equivalent in any other currency or currencies) and (b) such Indebtedness shall not include Indebtedness incurred in connection with Project Financing; or

(d) **Security enforced:** a secured party takes possession, or a receiver, manager or other similar officer is appointed, of the whole or any part of the undertaking, assets and revenues of the Issuer; or

(e) **Insolvency, etc:** if the Issuer enters into an amicable settlement (accord amiable) with its creditors or a judgement is issued for the judicial liquidation (liquidation judiciaire) or for a judicial transfer of the whole of the business (cession totale de l'entreprise) of the Issuer or, to the extent permitted by applicable law, if the Issuer makes any conveyance, assignment or other arrangement for the benefit of its creditors or enters into a composition with its creditors; or

(f) **Winding up, etc:** an order is made or an effective resolution is passed for the winding up, liquidation or dissolution of the Issuer (otherwise than for the purposes of or pursuant to a Permitted Transfer); or

(g) **Analogous event:** any event occurs which under the laws of France has an analogous effect to any of the events referred to in paragraphs (d) to (f) above,

then the Representative (as defined in Condition 15 (Representation of Noteholders)), upon request of any Noteholder, may give written notice to the Issuer and the Fiscal Agent at its specified office that all the Notes held by such Noteholder are immediately repayable, whereupon the Early Redemption Amount of such Notes together with accrued interest to the date of payment shall become immediately due and payable, unless such Event of Default shall have been remedied prior to the receipt of such notice by the Issuer and the Fiscal Agent.

For the purposes of this Condition 14, "**Permitted Transfer**" means (a) any merger, amalgamation or group reorganisation either (i) where the surviving legal entity acquires the whole or substantially the whole of the assets of the Issuer and expressly and effectively or by law assumes all its obligations with respect to the Notes and has obtained all necessary
authorisations therefor or (ii) the terms of which have been previously approved at a General Meeting.

15. **Representation of Noteholders**

The Noteholders will, in respect of all Tranches of the relevant Series, be grouped automatically for the defence of their common interests in a *masse* (the "Masse") which will be governed by the provisions of articles L.228-46 *et seq.* of the French *Code de Commerce* as amended by this Condition 15.

The Masse alone, to the exclusion of all individual Noteholders, shall exercise the common rights, actions and benefits which may accrue with respect to the Notes, without prejudice to the rights that Noteholders may exercise individually in accordance with, and subject to, the provisions of the Conditions of the Notes.

(a) **Legal Personality of the Masse**

The Masse will be a separate legal entity and will act in part through a representative (the "Representative") and in part through collective decisions of the Noteholders (the "Collective Decisions").

(b) **Representative**

The names and addresses of the Representative and its alternate (if any), will be set out in the relevant Final Terms. The Representative appointed in respect of the first Tranche of the Series of Notes will be the Representative of the single Masse of all subsequent Tranches in such Series.

The Representative will be entitled to such remuneration in connection with its functions or duties as set out in the relevant Final Terms. No additional remuneration is payable in relation to any subsequent Tranche of any given Series.

In the event of death, liquidation, retirement, resignation or revocation of appointment of the Representative, such Representative will be replaced by its alternate, if any. Another Representative may be appointed. Collective Decisions in relation to the appointment or replacement of the Representative shall be published in accordance with Condition 15(j).

All interested parties will at all times have the right to obtain the name and address of the Representative and the alternate Representative at the head office of the Issuer.

(c) **Powers of Representative**

The Representative shall (in the absence of any decision to the contrary of the General Meeting) have the power to take all acts of management necessary in order to defend the common interests of the Noteholders.

All legal proceedings against the Noteholders or initiated by them must be brought by or against the Representative.

(d) **Collective Decisions**

Collective Decisions are adopted either (i) in a general meeting (the "General Meeting"), or (ii) by unanimous consent of the Noteholders following a written consultation (the "Written Unanimous Decisions"), or (iii) by the consent of one or more Noteholders holding together at least 75 per cent. of the principal amount of the Notes outstanding, following a written consultation (the "Written Majority Decisions", and together with the Written Unanimous Decisions, the "Written Decisions").

In accordance with Article R.228-71 of the French Code de commerce, the rights of each Noteholder to participate in Collective Decisions will be evidenced by the entries in the books of the relevant Account Holder or the Issuer or the Registration Agent (as the case may be) of the name of such Noteholder as of 0:00 Paris time, on the second (2nd) business day in Paris preceding the date set for the Collective Decision.
Collective Decisions must be published in accordance with Condition 15(j).

The Issuer shall hold a register of the Collective Decisions and shall make it available, upon request, to any subsequent holder of any of the Notes of such Series.

(e) **General Meetings**

A General Meeting may be called at any time, either by the Issuer or by the Representative. One or more Noteholders, holding together at least one-thirtieth (1/30) of the principal amount of Notes outstanding, may address to the Issuer and the Representative a demand for a General Meeting to be called. If such General Meeting has not been called within two (2) months after such demand, the Noteholders may commission one of them to petition the competent court to appoint an agent (mandataire) who will call the General Meeting.

General Meetings may deliberate validly on first convocation only if the Noteholders present or represented hold at least one-fifth (1/5) of the principal amount of the Notes then outstanding. On second convocation, no quorum shall be required. The decisions of the General Meeting shall be taken by a two-third (2/3) majority of votes held by the Noteholders attending such General Meeting or represented thereat.

Notice of the date, time, place and agenda of any General Meeting will be published in accordance with Condition 15(j) not less than fifteen (15) calendar days prior to the date of the General Meeting on first convocation and not less than five (5) calendar days prior to the date of the General Meeting on second convocation.

Each Noteholder has the right to participate in a General Meeting in person, by proxy or by correspondence.

Each Noteholder or representative thereof will have the right to consult or make a copy of the text of the resolutions which will be proposed and of the reports, if any, which will be presented at the General Meeting, all of which will be available for inspection by the relevant Noteholders at the registered office of the Issuer and at any other place specified in the notice of the General Meeting, during the fifteen (15) calendar day period preceding the holding of the General Meeting on first convocation, or during the five (5) calendar day period preceding the holding of the General Meeting on second convocation.

The General Meeting is chaired by the Representative. In the event of the absence of a representative at the start of a General Meeting and if no Noteholder is present or represented at the General Meeting, the Issuer may, notwithstanding the provisions of article L.228-64 of the French Code de commerce, designate a provisional chairman until a new Representative has been appointed.

(f) **Written Decisions**

At the initiative of the Issuer, Collective Decisions may also be taken by Written Unanimous Decisions or Written Majority Decisions.

(i) **Written Unanimous Decision**

Written Unanimous Decisions shall be signed by or on behalf of all the Noteholders without having to comply with formalities and time limits referred to in Condition 15(e). Approval of a Written Unanimous Decision may also be given by way of electronic communication allowing the identification of Noteholders in accordance with Article L.228-46-1 of the French Code de commerce ("Electronic Consent"). Any such decision shall, for all purposes, have the same effect as a resolution passed at a General Meeting of such Noteholders. Such Written Unanimous Decision may be contained in one document, or in several documents in like form each signed by or on behalf of one or more of such Noteholders, and shall be published in accordance with Condition 15(j).
(ii) Written Majority Decision

Notices seeking the approval of a Written Majority Decision, which shall include the text of the proposed resolutions together with any report thereon, will be published as provided under Condition 15(j) no less than fifteen (15) calendar days prior to the date fixed for the passing of such Written Majority Decision (the “Written Majority Decision Date”). Notices seeking the approval of a Written Majority Decision will contain the conditions of form and time limits to be complied with by the Noteholders who wish to express their approval or rejection of such proposed Written Majority Decision. Noteholders expressing their approval or rejection before the Written Majority Decision Date will undertake not to dispose of their Notes until after the Written Majority Decision Date.

Written Majority Decisions shall be signed by one or more Noteholders holding together at least 75 per cent. of the principal amount of the Notes outstanding. Approval of a Written Majority Decision may also be given by Electronic Consent. Any Written Majority Decision shall, for all purposes, have the same effect as a resolution passed at a General Meeting of the Noteholders. Such Written Majority Decisions may be contained in one document, or in several documents in like form each signed by or on one behalf of one or more of the Noteholders, and shall be published in accordance with Condition 15(j).

(g) Expenses

The Issuer shall pay all expenses relating to the operations of the Masse, including all expenses relating to the calling and holding of Collective Decisions and, more generally, all administrative expenses resolved upon by Collective Decisions, it being expressly stipulated that no expenses may be imputed against interest payable under the Notes.

(h) Single Masse

The holders of Notes of the same Series, and the holders of Notes of any other Series which have been assimilated with the Notes of such first-mentioned Series in accordance with Condition 17 (Further Issues), shall, for the defence of their respective common interests, be grouped in a single Masse.

(i) Sole Noteholder

If and for so long as the Notes of any Series are held by a sole Noteholder and unless a Representative has been appointed in relation to such Series, such Noteholder shall exercise all powers, rights and obligations entrusted to the Masse by the provisions of the French Code de commerce. The Issuer shall hold a register of the decisions taken by the sole Noteholder in this capacity and shall make it available, upon request, to any subsequent holder of any of the Notes of such Series.

(j) Notices for the purposes of this Condition 15

Any notice to be given to Noteholders in accordance with this Condition 15 shall be published on the website of Thales (https://www.thalesgroup.com/) and,

(i) in the case of the holders of Notes in registered form (au nominatif), mailed to them at their respective addresses, in which case they shall be deemed to have been given on the fourth (4th) weekday (being a day other than a Saturday or a Sunday) after the mailing; or

(ii) in the case of the holders of Notes in bearer form (au porteur), given by delivery of the relevant notice to Euroclear France, Euroclear, Clearstream, Luxembourg and any other clearing system through which the Notes are for the time being cleared.

Any decision to proceed with a transaction, notwithstanding the failure to obtain Noteholders' approval, as contemplated by Article L.228-72 of the French Code de commerce, will be notified to Noteholders in accordance with this Condition 15(j). Any
Noteholder will then have the right to request redemption of its Notes at par within three (3) months of the date of notification, in which case the Issuer shall redeem such Noteholder within thirty (30) days of the Noteholder’s request for redemption.

If a merger or a spin-off is contemplated by the Issuer, the Issuer will have the option to submit the proposal for approval by a Collective Decision of the Masse or to offer redemption at par to Noteholders pursuant to Article L. 228-73 of the French Code de commerce. Such redemption offer shall be notified to Noteholders in accordance with this paragraph 15(j). If the Masse does not approve the merger or spin-off proposal, any decision to proceed with the merger or spin-off will be notified to Noteholders in accordance with this paragraph 15(j).

In this Condition 15, the expression "outstanding" does not include the Notes subscribed or purchased by the Issuer in accordance with Article L.213-0-1 of the French Code monétaire et financier which are held by the Issuer and not cancelled.

16. **Replacement of Materialised Notes, Coupons and Talons**

If, in the case of any Materialised Notes, a Definitive Materialised Note, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and Regulated Market regulations, at the specified office of the Fiscal Agent or such other Paying Agent as may from time to time be designated by the Issuer for the purpose and notice of whose designation is given to Noteholders, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, inter alia, that if the allegedly lost, stolen or destroyed Definitive Materialised Note, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there shall be paid to the Issuer on demand the amount payable by the Issuer in respect of such Definitive Materialised Notes, Coupons or further Coupons) and otherwise as the Issuer may require. Mutilated or defaced Materialised Notes, Coupons or Talons must be surrendered before replacements will be issued.

17. **Further Issues**

The Issuer may from time to time without the consent of the Noteholders or Couponholders create and issue further notes to be assimilated (assimilées) and form a single series with the Notes provided such Notes and further notes carry rights identical in all respects (or in all respects save for the principal amount thereof and the first payment of interest specified in the relevant Final Terms) and that the terms of such further notes provide for such assimilation and references in these Conditions to "Notes" shall be construed accordingly.

18. **Notices**

(a) Subject to Condition 18(d), notices to the holders of Dematerialised Notes in registered form (au nominatif) shall be valid if either, (i) they are mailed to them at their respective addresses, in which case they will be deemed to have been given on the fourth (4th) weekday (being a day other than a Saturday or a Sunday) after the mailing, or, (ii) at the option of the Issuer, they are published in a leading daily newspaper of general circulation in Europe (which is expected to be the Financial Times); provided that, so long as such Notes are admitted to trading on any Regulated Market and the rules applicable to such Regulated Market so require, notices shall be valid if published in a daily newspaper with general circulation in the city/ies where the Regulated Market on which such Notes is/are admitted to trading is located which, in the case of Euronext Paris, is expected to be Les Echos, and as otherwise required by the applicable rules of that Regulated Market, as the case may be.

(b) Notices to the holders of Materialised Notes and Dematerialised Notes in bearer form (au porteur) shall be valid if published in a daily leading newspaper of general circulation in Europe (which is expected to be the Financial Times) and so long as such Notes are admitted to trading on any Regulated Market and the rules applicable to such Regulated Market so require, in a leading daily newspaper with general circulation in the city/ies where the Regulated Market on which such Notes is/are admitted to trading is located which, in the case of Euronext Paris is
expected to be *Les Echos*, and as otherwise required by the applicable rules of that Regulated Market, as the case may be.

(c) If any such publication is not practicable, notice shall be validly given if published in another leading daily English language newspaper with general circulation in Europe, provided that so long as such Notes are admitted to trading on any Regulated Market, notice shall be published as otherwise required by the applicable rules of that Regulated Market, as the case may be. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the date of the first publication as provided above. Holders of Coupons shall be deemed for all purposes to have notice of the contents of any notice given to the holders of Materialised Notes in accordance with this Condition.

(d) Notices required to be given to the holders of Dematerialised Notes (whether in registered or in bearer form) (*au nominatif ou au porteur*) pursuant to these Conditions may be given by delivery of the relevant notice to Euroclear France, Euroclear, Clearstream and any other clearing system through which the Notes are for the time being cleared in substitution for the mailing and publication as required by Conditions 18(a), (b) and (c) above; except that (i) so long as such Notes are listed on any Regulated Market and the rules applicable to such Regulated Market so require, notices shall also be published in a daily newspaper with general circulation in the city/ies where the Regulated Market on which such Notes are admitted to trading is/are located which, in the case of Euronext Paris is expected to be *Les Echos*, and as otherwise required by the applicable rules of that Regulated Market, as the case may be.

(e) For the avoidance of doubt, this Condition 18 shall not apply to notices to be given pursuant to Condition 15.

19. **Rounding**

For the purposes of any calculations referred to in these Conditions (unless otherwise specified in these Conditions or the relevant Final Terms), (a) all percentages resulting from such calculations will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with 0.000005 per cent. being rounded up to 0.00001 per cent.), (b) all United States dollar amounts used in or resulting from such calculations will be rounded to the nearest cent (with one half cent being rounded up), (c) all Japanese Yen amounts used in or resulting from such calculations will be rounded downwards to the next lower whole Japanese Yen amount, and (d) all amounts denominated in any other currency used in or resulting from such calculations will be rounded to the nearest two decimal places in such currency, with 0.005 being rounded upwards.

20. **Redenomination, Renominalisation and Reconventioning**

(a) **Application:** This Condition 20 (*Redenomination, Renominalisation and Reconventioning*) is applicable to the Notes only if it is specified in the relevant Final Terms as being applicable.

(b) **Notice of redenomination:** If the country of the Specified Currency becomes or, announces its intention to become, a Participating Member State, the Issuer may, without the consent of the Noteholders and Couponholders, on giving at least 30 calendar days' prior notice to the Noteholders and the Paying Agents, designate a date (the *Redenomination Date*), being an Interest Payment Date under the Notes falling on or after the date on which such country becomes a Participating Member State.

(c) **Redenomination:** Notwithstanding the other provisions of these Conditions, with effect from the Redenomination Date:

(i) the Notes shall be deemed to be redenominated into euro in the denomination of euro 0.01 with a principal amount for each Note equal to the principal amount of that Note in the Specified Currency, converted into euro at the rate for conversion of such currency into euro established by the Council of the European Union pursuant to the Treaty (including compliance with rules relating to rounding in accordance with European Community regulations); *provided, however, that*, if the Issuer determines, with the agreement of the Fiscal Agent that, the market practice in respect of the
redenomination into euro 0.01 of internationally offered securities is different from that specified above, such provisions shall be deemed to be amended so as to comply with such market practice and the Issuer shall promptly notify the Noteholders and Couponholders, each stock exchange (if any) on which the Notes are then listed and the Paying Agents of such deemed amendments;

(ii) if Notes have been issued in definitive form:

(A) all unmatured Coupons denominated in the Specified Currency (whether or not attached to the Notes) will become void with effect from the date (the "Euro Exchange Date") on which the Issuer gives notice (the "Euro Exchange Notice") to the Noteholders that replacement Notes and Coupons denominated in euro are available for exchange (provided that such Notes and Coupons are available) and no payments will be made in respect thereof;

(B) the payment obligations contained in all Notes denominated in the Specified Currency will become void on the Euro Exchange Date but all other obligations of the Issuer thereunder (including the obligation to exchange such Notes in accordance with this Condition 20) shall remain in full force and effect; and

(C) new Notes and Coupons denominated in euro will be issued in exchange for Notes and Coupons denominated in the Specified Currency in such manner as the Fiscal Agent may specify and as shall be notified to the Noteholders in the Euro Exchange Notice; and

(iii) all payments in respect of the Notes (other than, unless the Redenomination Date is on or after such date as the Specified Currency ceases to be a sub-division of the euro, payments of interest in respect of periods commencing before the Redenomination Date) will be made solely in euro by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) maintained by the payee with, a bank in the principal financial centre of any Member State of the European Communities.

(d) Interest: Following redenomination of the Notes pursuant to this Condition 20, where Notes have been issued in definitive form, the amount of interest due in respect of the Notes will be calculated by reference to the aggregate principal amount of the Notes presented (or, as the case may be, in respect of which Coupons are presented) for payment by the relevant holder.

(e) Interest Determination Date: If the Floating Rate Note Provisions are specified in the relevant Final Terms as being applicable and Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, with effect from the Redenomination Date the Interest Determination date shall be deemed to be the second TARGET2 Settlement Day before the first day of the relevant Interest Period.

21. Governing Law and Jurisdiction

(a) Governing law: The Notes and where applicable, the Coupons and the Talons, are governed by, and shall be construed in accordance with, French law.

(b) Jurisdiction: The competent courts of Nanterre have jurisdiction to settle any dispute arising out of or in connection with any Notes, Coupons or Talons.
TEMPORARY GLOBAL CERTIFICATES ISSUED IN RESPECT OF MATERIALISED NOTES

Temporary Global Certificates

A Temporary Global Certificate, without interest Coupons, will initially be issued in connection with Materialised Notes. Upon the initial deposit of such Temporary Global Certificate with a common depositary for Euroclear and Clearstream (the "Common Depositary"), Euroclear or Clearstream will credit the accounts of each subscriber with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid.

The Common Depositary may also credit with a nominal amount of Notes the accounts of subscribers with (if indicated in the relevant Final Terms) other clearing systems through direct or indirect accounts with Euroclear and Clearstream held by such other clearing systems. Conversely, a nominal amount of Notes that is initially deposited with any other clearing system may similarly be credited to the accounts of subscribers with Euroclear, Clearstream or other clearing systems.

Exchange

Each Temporary Global Certificate issued in respect of Notes will be exchangeable, free of charge to the holder, on or after its Exchange Date (as defined below):

(a) if the relevant Final Terms indicates that such Temporary Global Certificate is issued in compliance with the C Rules or in a transaction to which TEFRA is not applicable (as to which, see "Subscription and Sale" below), in whole, but not in part, for the Definitive Materialised Notes; and

(b) otherwise, in whole but not in part upon certification as to non-U.S. beneficial ownership (a form of which shall be available at the specified offices of any of the Paying Agents) for Definitive Materialised Notes.

Delivery of Definitive Materialised Notes

On or after its Exchange Date, the holder of a Temporary Global Certificate may surrender such Temporary Global Certificate to or to the order of the Fiscal Agent. In exchange for any Temporary Global Certificate, the Issuer will deliver, or procure the delivery of, an equal aggregate nominal amount of duly executed and authenticated Definitive Materialised Notes. In this Base Prospectus, Definitive Materialised Notes means, in relation to any Temporary Global Certificate, the Definitive Materialised Notes for which such Temporary Global Certificate may be exchanged (if appropriate, having attached to them all Coupons in respect of interest that has not already been paid on the Temporary Global Certificate and a Talon). Definitive Materialised Notes will be security printed in accordance with any applicable legal and Regulated Market requirements. Forms of such Definitive Materialised Notes shall be available at the specified offices of any of the Paying Agent(s).

Exchange Date

"Exchange Date" means, in relation to a Temporary Global Certificate, the calendar day falling after the expiry of 40 calendar days after its issue date, provided that, in the event any further Materialised Notes are issued prior to such day pursuant to Condition 17 (Further Issues), the Exchange Date for such Temporary Global Certificate shall be postponed to the calendar day falling after the expiry of 40 calendar days after the issue of such further Materialised Notes.

“Sales and order intake for the first quarter of 2019 are in line with our expectations. Predictably, order intake is lower than in Q1 2018, which was exceptionally high thanks to the booking of OneSKY, an €855m jumbo contract in Australia. The decline in sales is due to a high basis of comparison in each of our operating segments. We confirm all our financial objectives for 2019. “Patrice Caine, Chairman & Chief Executive Officer

\(^1\) In this press release, “organic” means “at constant scope and currency”.  
Order intake

In Q1 2019, order intake amounted to €2,273 million, down 25% compared to Q1 2018, when the Group booked the contract to modernise Australia's air traffic management system (OneSKY), worth €855 million. Excluding this contract, it is up 4% compared to Q1 2018.

Three large orders worth over €100 million were booked for a total of €390 million:

- the purchase by the Royal Netherlands Army of new multi-mission mobile radars
- a military support contract in a European country
- the supply of rocket launchers to equip Indian Armed Forces helicopters

Orders with a unit value of less than €100 million totalled €1,883 million, up 3% from Q1 2018.

From a geographical point of view, order intake in mature markets was understandably significantly lower than in Q1 2018, when the OneSKY contract was booked (€1,719 million, -31%). At €553 million, order intake in emerging markets was up 3%.

At €672 million, compared to €751 million in Q1 2018, order intake in the Aerospace segment was down 11%. Order intake in the space business was up compared to last year but remained low. Commercial avionics order intake was up, but down in the military sector. The in-flight entertainment (IFE) and training & simulation businesses were down, with no significant contracts booked, unlike in Q1 2018.

At €249 million, order intake in the Transport segment returned to a more normal level after a particularly robust Q1 2018 that benefited from two significant contracts in Poland and Norway. Order intake was down 49% against Q1 2018 (€488 million), but up 16% compared to Q1 2017 (€215 million).

At €1,335 million versus €1,782 million in Q1 2018, order intake in the Defence & Security segment was also down (-25%), impacted by the very high basis of comparison resulting from the booking of the abovementioned OneSKY jumbo contract. Compared to Q1 2018 adjusted for this contract, it is up 44%, reflecting the increased commercial momentum the segment has experienced in recent years.

Sales

Q1 2018 sales came in at €3,361 million versus €3,412 million in Q1 2018, down 1.5% on a reported basis, and down 2.0% at constant scope and currency (“organic” change). This drop is explained by a high basis of comparison after 2 years of strong Q1 growth (+11.0% in Q1 2017, +7.2% in Q2 2018). Over 4 years, Q1 sales have increased by almost €800 million, from €2.6 billion in 2015 to €3.4bn in 2019 (+30% on a reported basis, +25% organically).

Geographically, this decline can be seen both in emerging markets (organic decline of -4.0%, following on from organic growth of +16.6% in Q1 2017 and +8.9% in Q1 2018) and mature markets (organic decline of -1.2%, following on from organic growth of +8.7% in Q1 2017 and +6.6% in Q1 2018).

In the Aerospace segment, sales totalled €1,221 million, down 5.0% compared to Q1 2018 (-6.5% at constant scope and currency). This decline was due to the slowdown in the Space business, which generates around 40% of aerospace sales, after two particularly strong years (organic growth exceeding +30% in Q1 2017 and +1% in Q1 2018). Over the full year, the slower than expected recovery of the commercial space market should result in a 5 to 10% decline of space sales. The other businesses in the segment are doing well, with the exception of military avionics.

In the Transport segment, sales came in at €398 million, up 3.1% compared to Q1 2018 (+1.3% at constant scope and currency). Logically, growth in this segment slows down after an exceptional year in 2018.
(organic growth of +17.9% for the full year 2018 and +29.3% in Q1 2018). Combined with phasing effects, this high basis of comparison should weigh as well on growth in Q2.

At €1,722 million, sales in the Defence & Security segment were stable compared to Q1 2018 (-0.4% on a reported basis, +0.2% at constant scope and currency). Growth in this segment was impacted by the strong performance in the first quarter of last year, particularly in surface radars, military aircraft systems and cybersecurity (organic growth in the segment in Q1 2018: +9.5%). The robust momentum in this segment should result in strong sales growth over the full year, especially in H2.

Acquisition of Gemalto

In December 2017, Thales and Gemalto announced the signing of a merger agreement including an all-cash offer for all issued and outstanding ordinary shares of Gemalto, for a price of €51 per share cum dividend.7

At the end of the Post-Closing Acceptance Period on 15 April 2019, more than 97% of Gemalto shares were tendered to the Offer, for an amount of €4.62 billion. Thales will initiate statutory buy-out proceedings as soon as possible in order to obtain 100% of Gemalto shares. The Gemalto share will be delisted from Euronext on 29 May 2019.

Gemalto is consolidated in Thales’s financial statements since 1 April 2019.

Outlook

Order intake and sales in Q1 were in line with expectations. Against this backdrop, and in spite of the slower than expected recovery of the commercial space market, the Group confirms all its objectives, which are described below.

These objectives do not take into account the acquisition of Gemalto, nor the ongoing disposal of the GP HSM business8. On 13 June 2019, the Group will update its 2019 outlook to take into account the impact of these two transactions.

Since 1st January 2019, the Group has been applying the IFRS 16 “Leases” standard. Based on the current assessment, this standard is expected to have no material impact on Group EBIT.

In 2019, Thales should continue to benefit from positive trends in the majority of its markets, combined with its unique positioning in digital solutions. In this context, order intake is expected to be around €16 billion.

Sales are expected to continue showing solid momentum and achieve organic growth of 3% to 4% compared to 2018, incorporating the normalisation of growth in the Transport segment after an exceptional performance in 2018.

As announced during the June 2018 Capital Markets Day, the Group will continue to step up its R&D investments, specifically targeting digital technologies. Self-funded R&D expenses are therefore expected to grow slightly faster than sales.

The growth in sales, combined with the impact of the Ambition 10 strategy on competitiveness and differentiation of products and services, should result in Thales delivering an EBIT of between €1,780 million and €1,800 million (based on February 2019 scope and currency), representing an increase of 6% to 7% compared to 2018.

Over the 2018-2021 period, and based on February 2019 scope, Thales has set the following medium-term targets:

---

7 Valuing the equity capital of Gemalto at approximately €4.8 billion.
8 Deconsolidated from 1 January 2019. This business generated sales of €108 million in 2018. See page 7.
- an organic sales growth of +3% to +5% on average over the 2018-2021 period, with each operating segment expected to outperform its market.

- an EBIT margin of 11% to 11.5% by 2021, resulting from a 200 to 240 basis point improvement related to competitiveness initiatives, partly reinvested in self-funded R&D, representing approximately 50 to 100 basis points.

On 21 May 2019, Thales published the following press release:

"**Thales: issuance of a €500m bond**

Thales (Euronext Paris: HO) has issued today a €500m, 0% fixed-rate bond maturing in May 2022.

This issue, whose effective yield is negative, allows Thales to strengthen its financial flexibility and forms part of its active management of its liquidity.

The success of this issue with investors confirms the confidence of the market in the creditworthiness of the Group, which is rated A2 (outlook: stable) by Moody’s and A- (outlook: negative) by S&P Global Ratings.

The issue was lead managed by Crédit Agricole Corporate & Investment Bank, CIC, SMBC Nikko, Société Générale and UniCredit."

On 3 June 2019, Thales published the following press release:

"**Thales finalizes the integration of Gemalto bond financing**

Following the successful completion of its public offering on Gemalto NV, Thales (Euronext Paris: HO) holds 97.02% of Gemalto’s shares. As part of the Gemalto integration process, Thales and Gemalto have conducted a consent solicitation on the EUR 400 million bond issued by Gemalto and maturing in September 2021.

The intention was to substitute Thales for Gemalto as debtor and to align the terms of the bond with the most recent and existing listed Thales bonds.

The bondholders’ meeting convened today approved an extraordinary resolution validating the terms of the consent solicitation.

Following the early prepayment of all outstanding Gemalto US private placements on 13 May 2019, this step marks the completion of Thales’s integration of Gemalto bond financing."

On 13 June 2019, Thales published the following press release. For the avoidance of doubt, references to page numbers in the footnotes therein are to the pages in such press release, not the pages in this Base Prospectus:

"**Thales updates its 2019 financial objectives following the integration of Gemalto**

- 2019 objectives for the “Digital Identity and Security” (DIS) operating segment:
  - Organic1 sales growth between 0% and 2%, in line with expectations
  - EBIT2 between €240 and €260m, corresponding to an underlying margin of around 10%, comparable to the rest of the Group
- €120m of run-rate cost synergies, at the top end of the initially announced range, after taking into account the disposal of Thales’s GP HSM business
- Confirmed outlook for all other businesses
New 2019 Group objectives:

- Order intake slightly above €18bn
- Organic sales growth between 3% and 4% (unchanged)
- EBIT between €1,980m and €2,000m

Thales (Euronext Paris: HO) published today the update of its 2019 financial objectives following the integration of Gemalto, completed on 1st April 2019, and the disposal of its General Purpose Hardware Security Module (GP HSM) business, deconsolidated since 1 January 2019 and finalised on 7 June.

“The update of our 2019 financial objectives announced today is in line with our plan. The solid momentum in growth businesses, combined with strict cost control in the more mature businesses, should result in a significant underlying EBIT increase in the ‘Digital Identity and Security’ operating segment, which hosts Gemalto.

Detailed action plans will allow us to generate €120m of run-rate cost synergies.

Throughout the Group, there is tremendous enthusiasm for what Gemalto brings to all our businesses. This acquisition represents a powerful accelerator of the strategy we have been implementing since 2015; by providing a unique range of digital technologies and skills, it strengthens the differentiation of our solutions and positions us as partner in the digital transformation of our customers. At the same time, it allows us to create a global leader in the digital security market, responding to the needs of the most demanding customers as they step up to the challenges of identifying people and objects and keeping data secure.”

Patrice Caine, Chairman & Chief Executive Officer

Outlook for the “Digital Identity and Security” segment

As previously announced, Gemalto has become one of Thales’s seven Global Business Units, called “Digital Identity and Security” (DIS), and is a new operating segment in the Group’s financial statements. This segment also includes some of the digital businesses previously assigned to the “Defence & Security” operating segment.

Over the whole of 2019, this segment should deliver organic sales growth of 0% to 2%, reflecting the solid momentum in most of its businesses, partly offset by the continued decline in sales of traditional SIM cards.

As this segment is mostly exposed to short order cycles, its level of order intake should be very close to sales.

The detailed review of the cost synergy action plans undertaken over the last two months leads to an upward revision of the cost synergy target. The Group now expects €120m in run-rate cost synergies, compared with the initial objective of €100 to €150m, which included €30m in cost synergies related to the GP HSM business that ultimately had to be divested.

The integration costs to be recorded within EBIT are estimated at €60m in 2019 and €30 to €40m in 2020.

Over the period in which Gemalto is being consolidated (April to December 2019), the EBIT of this segment should reach €240 to €260m, benefiting from the full effect of the transition plan implemented by Gemalto since 2017 and the growth in sales, and including €20m in cost synergies and the €60m in integration costs mentioned above.

Group outlook

The setting of the objectives for the “Digital Identity and Security” operating segment and the disposal of the GP HSM business leads Thales to review its 2019 Group outlook.

Order intake is therefore expected to be slightly above €18bn, driven by the favourable orientation of most of the Group’s markets, combined with its differentiated positioning on digital solutions.
Since the acquisition of Gemalto and the disposal of the GP HSM business represent changes in scope (by nature excluded from the calculation of organic growth), the organic sales growth objective is unchanged. As such, as announced on 30 April 2019, sales should achieve organic growth of 3% to 4% compared to 2018, incorporating the normalisation of growth in the Transport segment after an exceptional performance in 2018, and a 5% to 10% decline in sales in the Space Global Business Unit, which is affected by a slower than expected recovery of the commercial satellite market.

As announced during the June 2018 Capital Markets Day, the Group will continue to step up its R&D investments, targeting in particular digital technologies. Self-funded R&D expenses are therefore expected to grow at a slightly faster rate than sales.

The growth in sales, combined with the impact of the Ambition 10 strategy on competitiveness and the differentiation of products and services, should result in Thales delivering an EBIT\(^6\) of between €1,980 and €2,000m (based on June 2019 scope and currency), reflecting the outlook described above for the “Digital Identity and Security” segment and the confirmed outlook for the other Group businesses.

The Group will update its medium-term financial outlook at a Capital Markets Day that will take place on 3rd October 2019.

PRO FORMA FINAL TERMS FOR USE IN CONNECTION WITH ISSUES OF SECURITIES WITH A DENOMINATION OF AT LEAST €100,000 TO BE ADMITTED TO TRADING ON AN EU REGULATED MARKET

PROHIBITION OF SALES TO EEA RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("EEA"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) or Directive 2014/65/EU (as amended, "MiFID II"); or (ii) a customer within the meaning or Directive Directive 2016/97/EU ("IMD"), where that customer would not qualify as a professional client as defined in point (10) or Article 4(1) or MiFID II. Consequently no key information document required by Regulation (EU) No 1286/2014 (the "PRIIPs Regulation") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPS Regulation.

MIFID II PRODUCT GOVERNANCE / PROFESSIONAL INVESTORS AND ECPS ONLY TARGET MARKET – Solely for the purposes or [the/each] manufacturer/s approval process, the target market assessment in respect of the Notes, taking into account the five categories referred to in item 18 of the Guidelines on MiFID II product governance requirements published by ESMA dated 5 February 2018, has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in MiFID II; and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a "distributor") should take into consideration the manufacturer/s target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer/s target market assessment) and determining appropriate distribution channels.

TAXATION

The following is a general description of certain tax considerations relating to the Notes. It does not purport to be a complete analysis of all tax considerations relating to the Notes, whether in France or elsewhere. Prospective purchasers of Notes should consult their own tax advisers as to which countries' tax laws could be relevant to acquiring, holding and disposing of Notes and receiving payments of interest, principal and/or other amounts under the Notes and the consequences of such actions under the tax laws of such country. This summary is based upon the law as in effect on the date of this Base Prospectus and is subject to any change in law that may take effect after such date.

France

The following is a general overview of certain French tax considerations relating to the Notes, focusing specifically on withholding taxes applicable to payments under the Notes. This overview is based on French tax laws currently in force and does not purport to constitute a complete tax analysis of all the tax considerations relating to the Notes nor to be viewed as legal advice. Potential purchasers are urged to consult with their own tax advisers prior to purchasing the Notes to determine the tax implications of investing in the Notes in light of each purchaser's circumstances.

The following is an overview of certain withholding tax consequences that may be relevant to Noteholders who do not concurrently hold shares of the Issuer.

Payments of interest and other revenues made by the Issuer with respect to the Notes will not be subject to the withholding tax set out under Article 125 A III of the French Code général des impôts unless such payments are made outside France in certain non-cooperative States or territories (États ou territoires non coopératifs) within the meaning of Article 238-0 A of the French Code général des impôts (a “Non-Cooperative State” or “Non-Cooperative States”) other than those mentioned in 2° of 2 bis of the same Article 238-0 A. If such payments under the Notes are made outside of France in a Non-Cooperative State other than those mentioned in 2° of 2 bis of Article 238-0 A of the French Code général des impôts, a 75 per cent. withholding tax will be applicable (subject to certain exceptions and to the more favourable provisions of an applicable double tax treaty) by virtue of Article 125 A III of the French Code général des impôts.

Furthermore, in application of Article 238 A of the French Code général des impôts, interest and other revenues on such Notes are not deductible from the Issuer's taxable income if they are paid or accrued to persons domiciled or established in a Non-Cooperative State or paid on an account held with a financial institution established in such a Non-Cooperative State (the “Deductibility Exclusion”). Under certain conditions, any such non-deductible interest and other revenues may be recharacterised as constructive dividends pursuant to Articles 109 et seq. of the French Code général des impôts, in which case such non-deductible interest and other revenues may be subject to the withholding tax set out under Article 119 bis 2 of the French Code général des impôts, at a rate of (i) 75 per cent. if they are paid outside France in a Non-Cooperative State, other than those mentioned in 2° of 2 bis of Article 238-0 A of the French Code général des impôts, (ii) 30 per cent. (to be aligned on the standard corporate income tax rate set forth in Article 219-I of the French Code général des impôts for fiscal years beginning as from 1 January 2020) if they benefit legal persons who are not French tax residents or (iii) 12.8 per cent. if they benefit individuals who are not French tax residents (in each case subject to certain exceptions and to the more favourable provisions of an applicable double tax treaty).

Notwithstanding the foregoing, neither the 75 per cent. withholding tax set out under Article 125 A III of the French General Tax Code nor, to the extent that the relevant interest and other revenues relate to genuine transactions and are not in an abnormal or exaggerated amount, the Deductibility Exclusion (and therefore the withholding tax set out under Article 119 bis 2 of the French General Tax Code that may be levied as a result of the Deductibility Exclusion) will apply in respect of a Series of Notes if the Issuer can prove that the main purpose and effect of the issue of the Notes were not that of allowing the payments of interest and other revenues to be made in a Non-Cooperative State (the "Exception"). Pursuant to the Bulletin Officiel des Finances Publiques-Impôts (BOI-INT-DG-20-50-20140211, n°550 and n°990, BOI-RPPM-RCM-30-10-20-40-20140211, n°70 and n°80 and BOI-IR-DOMIC-10-20-20-60-20150320, n°10), Notes will benefit from the Exception without the Issuer having to provide any proof of the purpose and effect of the issue of such Notes if the Notes are, inter alia:

(i) admitted to trading on a French or foreign regulated market or multilateral securities trading system provided that such market or system is not located in a Non-Cooperative State, and the operation
of such market is carried out by a market operator or an investment services provider or any other
similar foreign entity, provided further that such market operator, investment services provider or
entity is not located in a Non-Cooperative State; or

(ii) admitted, at the time of their issue, to the operations of a central depositary or of a securities
delivery and payment systems operator within the meaning of Article L. 561-2 of the Code
monétaire et financier, or of one or more similar foreign depositaries or operators provided that
such depositaries or operators are not located in a Non-Cooperative State.

If the Notes are admitted, at the time of their issue, to the operations of Euroclear France, the Notes will
benefit from the Exception and will therefore be exempt from the withholding tax set out under Article 125
A III of the French Code général des impôts. In addition, they will be subject neither to the Deductibility
Exclusion nor to the withholding tax set out under Article 119 bis 2 of the same Code solely on account of
their being paid to a bank account opened in a financial institution located in a Non-Cooperative State or
accrued or paid to persons established or domiciled in a Non-Cooperative State, to the extent that the Issuer
can prove that the relevant interest and other revenues relate to genuine transactions and are not in an
abnormal or exaggerated amount.

Where the paying agent (établissement payeur) is established in France, pursuant to Article 125 A I of the
French Code général des impôts and subject to certain exceptions, interest and other similar revenues
received by individuals who are fiscally domiciled in France are subject to a 12.8 per cent. withholding tax,
which is deductible from their personal income tax liability in respect of the year in which the payment has
been made. Social contributions (CSG, CRDS and other related contributions) are also withheld at source
at an aggregate rate of 17.2 per cent. on such interest and other similar revenues.

All prospective Noteholders should seek independent advice as to their tax positions.

The proposed financial transactions tax ("FTT")

On 14 February 2013, the European Commission published a proposal for a directive for a common FTT
in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia.
However, Estonia has since stated that it will not participate.

The proposed FTT has very broad scope and could, if introduced in its current form, apply to certain
dealings in the Notes (including secondary market transactions) in certain circumstances.

Under current proposals the FTT could apply in certain circumstances to persons both within and outside
of the Participating Member States. Generally, it would apply to certain dealings in the Notes where at least
one party is a financial institution, and at least one party is established in a Participating Member State. A
financial institution may be, or be deemed to be, "established" in a Participating Member State in a broad
range of circumstances, including (a) by transacting with a person established in a Participating Member
State or (b) where the financial instrument which is subject to the dealings is issued in a Participating
Member State.

During the last Ecofin meeting on 6 December 2016, EU Finance Ministers indicated that the Participating
Member States will continue the discussions in relation to the FTT in January 2017 with a view to reaching
an agreement by mid-2017.

However, the FTT proposal remains subject to negotiation between Participating Member States and its
scope is uncertain. It may therefore be altered prior to any implementation, the timing of which remains
unclear. Additional EU Member States may decide to participate. Prospective holders of the Notes are
advised to seek their own professional advice in relation to the FTT.
SUBSCRIPTION AND SALE

Notes may be sold from time to time by the Issuer to any one or more of Banco Santander, S.A., Barclays Bank PLC, Barclays Bank Ireland PLC, BNP PARIBAS, Commerzbank Aktiengesellschaft, Crédit Agricole Corporate and Investment Bank, Crédit Industriel et Commercial S.A, HSBC Bank plc, J.P. Morgan Securities plc, MUFG Securities (Europe) N.V., Natixis, SMBC Nikko Capital Markets Europe GmbH, SMBC Nikko Capital Markets Limited, Société Générale and UniCredit Bank AG (the "Dealers"). The arrangements under which Notes may from time to time be agreed to be sold by the Issuer to, and purchased by, Dealers are set out in a dealer agreement dated 1 July 2019 (as amended or supplemented from time to time, the "Dealer Agreement") and made between the Issuer and the Dealers. Any such agreement will, inter alia, make provision for the form and terms and conditions of the relevant Notes, the price at which such Notes will be purchased by the Dealers and the commissions or other agreed deductibles (if any) payable or allowable by the Issuer in respect of such purchase. The Dealer Agreement makes provision for the resignation or termination of appointment of existing Dealers and for the appointment of additional or other Dealers either generally in respect of the Programme or in relation to a particular Tranche of Notes.

United States of America:

Regulation S Category 2; TEFRA D or TEFRA C as specified in the relevant Final Terms or neither if TEFRA is specified as not applicable in the relevant Final Terms.

The Notes have not been and will not be registered under the Securities Act or with any securities regulatory authority of any state or other jurisdiction of the United States and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in accordance with Regulation S or pursuant to an exemption from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act. Notes in bearer form are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to United States persons, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meaning given to them by the United States Internal Revenue Code of 1986 and regulations thereunder.

Each Dealer has agreed and any further Dealers appointed under the Programme will be required to agree that, except as permitted by the Dealer Agreement, it has not offered and sold, and will not offer, sell or, in the case of Materialised Notes, deliver the Notes of any identifiable Tranche (a) as part of their distribution at any time and (b) otherwise until 40 calendar days after the later of the date of issue of the relevant Tranche of Notes and the completion of the distribution of such Tranche as certified to the Fiscal Agent or the Issuer by the relevant Dealer (or, in the case of a syndicated issue, each such Dealer as to the Notes of such Tranche purchased by or through it in which case the Fiscal Agent and the Issuer shall notify each such Dealer when all such Dealers have so certified), only in accordance with Rule 903 of Regulation S of the Securities Act. Each Dealer has agreed and any further Dealers appointed under the Programme will be required to agree that it will have sent to each Dealer to which it sells Notes of such Tranche during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of such Notes within the United States or to, or for the account or benefit of, U.S. persons. Accordingly, neither the Dealers, their affiliates (if any) nor any persons acting on their behalf have engaged or will engage in any directed selling efforts with respect to the Notes and the Dealers, their affiliates (if any) and any person acting on their behalf have complied with the offering restriction of Regulation S.

In addition, until 40 calendar days after the commencement of the offering of any Tranche of Notes, an offer or sale of Notes of such Tranche within the United States by a Dealer (whether or not participating in the offering of such Notes) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an applicable exemption from registration under the Securities Act.

In addition, certain Series of Notes in respect of which any payment is determined by reference to an index or formula, or to changes in prices of securities or commodities, or certain other Notes will be subject to such additional U.S. selling restrictions as the Issuer and the relevant Dealers may agree, as indicated in the relevant Final Terms. Each Dealer has agreed and any further Dealers appointed under the Programme will be required to agree that it will offer, sell and deliver such Notes only in compliance with such additional U.S. selling restrictions.
Prohibition of Sales to EEA Retail Investors

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by the Base Prospectus as completed by the Final Terms in relation thereto to any retail investor in the European Economic Area.

(a) For the purposes of this provision, the expression “retail investor” means a person who is one (or more) of the following:

(i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, “MiFID II”); or

(ii) a customer within the meaning of Directive 2016/97/EU (as amended, the “Insurance Mediation Directive”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; and

(b) the expression an “offer” includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes.

Selling restrictions addressing Additional United Kingdom Securities Laws

Each Dealer has represented, warranted and agreed (and any further Dealers appointed under the Programme will be required to represent, warrant and agree) that:

(a) No deposit-taking: in relation to any Notes having a maturity of less than one year:

(i) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business; and

(ii) it has not offered or sold and will not offer or sell any Notes other than to persons:

(A) whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses; or

(B) who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses,

where the issue of the Notes would otherwise constitute a contravention of Section 19 of the FSMA by the Issuer;

(b) Financial promotion: it has only communicated or caused to be communicated and will only communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the meaning of section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which section 21(1) of the FSMA does not apply to the Issuer; and

(c) General compliance: it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Notes in, from or otherwise involving the United Kingdom.

France

Each Dealer and the Issuer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that, in connection with the initial distribution of the Notes, it has not offered or sold and will not offer or sell, directly or indirectly, any Notes to the public in the Republic of France and that offers of Notes will be made in the Republic of France only to (a) providers of investment services relating to portfolio management for the account of third parties (personnes fournissant le service d'investissement de gestion de portefeuille pour compte de tiers) and/or (b) qualified
investors (investisseurs qualifiés), and/or (c) a restricted circle of investors (cercle restreint d'investisseurs) as defined in Articles L.411-2 and D.411-1 and D.411-4 of the Code monétaire et financier.

Each Dealer and the Issuer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree that, in connection with the initial distribution of the Notes, it has not distributed or caused to be distributed and will not distribute or cause to be distributed in the Republic of France, the Base Prospectus or any other offering material relating to the Notes other than to those investors (if any) to whom offers and sales of the Notes in the Republic of France may be made as described above.

Japan

The Notes have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Act No. 25 of 1948, as amended, the “FIEA”). Accordingly, each of the Dealers has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not, directly or indirectly, offered or sold and shall not, directly or indirectly, offer or sell any Notes in Japan or to, or for the benefit of, any resident of Japan or to others for re-offering or re-sale, directly or indirectly, to any resident of Japan (which term as used herein means any person resident in Japan, including any corporation or other entity organised under the laws of Japan) except pursuant to an exemption from the registration requirements of, and otherwise in compliance with the FIEA and other relevant laws and regulations of Japan.

The Netherlands

For selling restrictions in respect of The Netherlands see "Public Offer Selling Restriction under the Prospectus Directive" above and in addition:

Zero Coupon Notes (as defined below) in definitive form may only be transferred and accepted, directly or indirectly, within, from or into The Netherlands through the mediation of either the Issuer or a member firm of Euronext (Amsterdam) admitted in a function on one or more of the markets or systems operated by Euronext Amsterdam N.V., in full compliance with the Dutch Savings Certificates Act (Wet inzake spaarbewijzen) of 21 May 1985 (as amended) and its implementing regulations. No such mediation is required: (a) in respect of the transfer and acceptance of rights representing an interest in a Zero Coupon Note in global form, or (b) in respect of the initial issue of Zero Coupon Notes in definitive form to the first holders thereof, or (c) in respect of the transfer and acceptance of Zero Coupon Notes in definitive form between individuals not acting in the conduct of a business or profession, or (d) in respect of the transfer and acceptance of such Zero Coupon Notes within, from or into The Netherlands if all Zero Coupon Notes (either in definitive form or as rights representing an interest in a Zero Coupon Note in global form) of any particular Series or Tranche of Notes are issued outside The Netherlands and are not distributed into The Netherlands in the course of initial distribution or immediately thereafter. As used herein "Zero Coupon Notes" are Notes that are in bearer form (i.e. Materialised Notes) and that constitute a claim for a fixed sum against the Issuer and on which interest does not become due during their tenor or on which no interest is due whatsoever.

General

Other than with respect to the listing of the Notes on such stock exchange as may be specified in the Final Terms, no action has been or will be taken in any country or jurisdiction by the Issuer or the Dealers that would permit a public offering of Notes, or possession or distribution of any offering material in relation thereto, in any country or jurisdiction where action for that purpose is required. Persons into whose hands the Base Prospectus or any Final Terms comes are required by the Issuer and the Dealers to comply with all applicable laws and regulations in each country or jurisdiction in or from which they purchase, offer, sell or deliver Notes or have in their possession or distribute such offering material, in all cases at their own expense.

Each Dealer has agreed and each further Dealer appointed under the Programme will be required to agree that it will comply with all applicable securities laws and regulations in force in any jurisdiction in which it purchases, offers, sells or delivers Notes or possesses or distributes this Base Prospectus and will comply with any laws and regulations in force in any jurisdiction to which it is subject or in which it makes such purchases, offers, sales or deliveries and neither the Issuer nor any of the other Dealers shall have any responsibility therefor.
Neither the Issuer, nor any of the Dealers represents that Notes may at any time lawfully be sold in compliance with any applicable registration or other requirement in any jurisdiction or pursuant to any exemption available thereunder, or assumes any responsibility for facilitating such sale.

The Dealer Agreement provides that the Dealers shall not be bound by any of the restrictions relating to any specific jurisdiction (set out above) to the extent that such restrictions shall, as a result of change(s) or change(s) in official interpretation, after the date hereof, of applicable laws and regulations, no longer be applicable but without prejudice to the obligations of the Dealers described in the paragraph headed "General" above.

Selling restrictions may be supplemented or modified with the agreement of the Issuer and the relevant Dealer or, as the case may be, the Dealers. Any such supplement or modification will be set out in a supplement to this document. The relevant Dealers will be required to comply with such selling restrictions as so supplemented and/or modified.

**Interests of Natural and Legal Persons involved in the Issue/Offer**

Certain of the Dealers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for the Issuers and their affiliates in the ordinary course of business. Certain of the Dealers and their affiliates may have positions, deal or make markets in the Notes issued under the Programme, related derivatives and reference obligations, including (but not limited to) entering into hedging strategies on behalf of the Issuers and their affiliates, investor clients, or as principal in order to manage their exposure, their general market risk, or other trading activities.

In addition, in the ordinary course of their business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer or the Issuer’s affiliates. Certain of the Dealers or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued under the Programme. Any such short positions could adversely affect future trading prices of Notes issued under the Programme. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

**No Material Contracts**

To the best of its knowledge, Thales has not entered into any material contract which could result in any Group member being under an obligation that is material to Thales’ ability to meet its obligations to Noteholders in respect of Notes issued under the Programme.

**Benchmark Regulation**

Amounts payable under the Floating Rate Notes may be calculated by reference to EURIBOR or LIBOR which are respectively provided by the European Money Markets Institute ("EMMI") and ICE Benchmark Administration Limited ("ICE"). The ICE has been authorised as a regulated benchmark administrator pursuant to the Benchmarks Regulation and appears on the public register of administrators established and maintained by the European Securities and Markets Authority ("ESMA") pursuant to Article 36 of the Benchmarks Regulation. As at the date of this Base Prospectus, the EMMI does not appear on the register of administrators and benchmarks established and maintained by ESMA pursuant to Article 36 of the Benchmarks Regulation. As far as the Issuer is aware, the transitional provisions in Article 51 of the Benchmarks Regulation apply, such that EMMI is not currently required to obtain authorisation or registration (or, if located outside the European Union, recognition, endorsement or equivalence).

The relevant Final Terms in respect of an issue of Floating Rate Notes may specify the relevant benchmark, the relevant administrator and whether such administrator appears on the ESMA register referred to above.

The registration status of any administrator under the Benchmarks Regulation is a matter of public record and, save where required by applicable law, the Issuer does not intend to update this Base Prospectus or the relevant Final Terms to reflect any change in the registration status of the administrator.

**Board of Directors**

The business address of each of the board members of Thales is Thales, Tour Carpe Diem, 31 place des Corolles, CS 2001 92098 Paris La Défense, France.
